## ROOSEVELT TURNED DOWN GOV. PARDEE

Among the letters produced yesterday at the hearing before the Senate committee in Washington during the campaign contribution investigation, are the following, one from the late E. H. Harriman and another from Theodore Roosevelt.

120 Broadway, New York, June 2, 1901. Dear Mr. President—I have yours of the 28th ultimo, the inclosed copy of your speeches and messages, and you will accept my thanks for same. I will certainly have interest in reading them.

I have something of Governor Pardee last year. Have considered him in connection with the position we talked

not yet been able to get at Messrs. Dodge, Hughitt and Wick, but hope to be able to accomplish it the first part next week. Yours sincerely, E. H. HARRIMAN.

## COLONEL MONEY

Contributed 90 Per Cent of Roosevelt's Pennsylvania Campaign Fund

C. R. Crane of Chicago Gave \$70,000 Each to Wilson and La Follette

WASHINGTON, Oct. 1.—The financial operations of the Roosevelt forces in the pre-convention campaign this year and the finances of the Progressive party were the subjects up for discussion when the Senate campaign contributions committee resumed hearings today.

It was expected also that C. C. Tamm, who yesterday placed in the record the voluminous Roosevelt-Harriman correspondence, and Charles A. Peabody, counsel for Mrs. Harriman, might be recalled to allow a cross-examination by Senator Fournier, who yesterday asked for time to digest the mass of letters before questioning the witnesses.

CONTRIBUTES BOTH WAYS. Hooker told the Clapp committee that Charles R. Crane of Chicago had contributed \$70,000 to Senator La Follette's campaign fund and \$70,000 to Governor Wilson's fund prior to the Baltimore convention practically at the same time.

William Flinn, of Pittsburgh, testified that he had personally contributed 90 per cent of the money for Colonel Roosevelt's primary campaign in Pennsylvania. He gave \$102,000 to the fund, of which \$28,000 was spent in Pittsburgh.

Flinn declared he would produce to the committee J. L. Slain, a man who, without his authority, had signed Flinn's name to a telegram to the Standard Oil Company, asking support for a seat in the Senate. This was one of the telegrams produced by

ELMHURST, Oct. 1.—The body of Mrs. Bertha Hutchings was found in the front room of her home, 1623 Nineteenth avenue, this morning, under circumstances which led the authorities to believe that she may have taken poison. Her face was contorted as though death had been accompanied by great pain. The discovery was made by Miss Stella Effert, a neighbor, who noticed the fact that a light was burning in the house and went to the back door, which she found open.

## M'MANIGAL PLEADS GUILTY

Dynamiter Continues Smiling; Tveitmo and Clancy Deny Complicity

McNamara Case Takes Fresh Start When Fifty-One Go on Trial

INDIANAPOLIS, Ind., Oct. 1.—Whoever participated with the McNamara brothers in the series of dynamite and nitroglycerine explosions which preceded and followed the wrecking of the Los Angeles Times building October 1, 1910, when persons were killed, the government hopes to disclose in the trial which began today before Judge A. B. Anderson of 51 men.

At the head of the list of defendants, who thus are brought into court exactly two years after the Los Angeles disaster, are: Frank M. Ryan, president of the International Association of Bridge and Structural Ironworkers, and Orrie B. McManigal, once known as "J. W. McGraw" on the Pacific Coast, a confessed dynamiter and accomplice of the McNamara brothers, who has been in custody as a witness for the prosecution ever since his arrest in Detroit a year ago last April.

Herbert S. Hocking, successor of John J. McNamara as secretary-treasurer of the union, whom McManigal accuses of being the organizer of the "dynamiting crew" and one of the originators of the alarm clock scheme by which explosions were set off several hours after the mine was placed.

EXTENSIVE CORRESPONDENCE. Most of the other defendants are present or former union officials whom the government charges were linked together in a conspiracy by an extensive correspondence from 1905 to 1911, during which time more than 100 explosions in states scattered from Massachusetts to California occurred in works under construction by employers of non-union labor.

Fifty-four men were indicted last

## IMPENDING WAR MAY INVOLVE MANY

Austria and Russia Are Both Close to the Firing Line

BELGRADE, Serbia, Oct. 1.—Troop trains were leaving the capital all night long for Nish and other garrison towns near the Turkish frontier.

Many business houses in this city have been compelled to close on account of their employees having been ordered to join their regiments. The street railway service also has been suspended, as it is worked largely by army reservists.

The owners of automobiles throughout Serbia have been ordered to surrender them immediately to the military authorities.

ARMY MOBILIZED. VIENNA, Oct. 1.—King Nicholas of Montenegro today ordered the general mobilization of the Montenegrin army, according to a dispatch received here from Cetinje.

PREPARE FOR WAR. LONDON, Oct. 1.—Everything, according to the dispatches from the Balkan centers, seems ripe for the long expected conflagration in the near east.

The armies of the Balkan states are preparing for war with feverish activity. The mobilization order given out yesterday is being put into effect with all speed, according to dispatches received here.

The Greek minister here received a telegram today from the Greek premier and war minister, Venizelos, stating that the Hellenic government had decided to mobilize its land and sea forces in concert with the other states. The mobilization orders of the four kingdoms go into force instantly and men liable to serve must join the colors within 24 hours. The orders also apply to subjects living abroad.

The various nations concerned appear to believe that the longed-for moment has at last arrived when they will be called upon to march against Turkey.

The Turkish government, diplomats assert, would like to find an easy way out of the present war with Italy and thinks a war in the Balkans would give the Ottoman government the outlet. The Balkan states, at the same time, are anxious to get at their big

## KITCHEN IS SCENE OF HOLDUP

Dance Hall Owner, Wife and Housekeeper Are Stripped of Jewelry

Two Robbers Commit Bold Crime at Early Hour This Morning

SAN FRANCISCO, Oct. 1.—While George W. Kelly, his wife and housekeeper were partaking of a lunch in the kitchen of their home at 1160 Ellis street at 4:15 this morning two armed and masked men suddenly stepped into their presence from the dining room and ordered them to hold up their hands. While one of the men pointed two revolvers at the trio his partner searched Kelly's person and that of his wife, obtaining jewelry valued at \$3886.

Kelly, who is proprietor of the Midway Dance Hall on Pacific street, had returned to his home early this morning, with his wife. They sat in the kitchen for a short time while the housekeeper served a light lunch.

JEWELRY IS VALUABLE. From Kelly the robbers took a diamond ring valued at \$700 and Eagle's charm valued at \$400, a watch and chain, \$170 and \$16 in cash. From Mrs. Kelly they obtained four diamond rings valued at \$1200, one sapphire and diamond ring, \$500, a diamond bracelet, \$500 and jeweled fob, \$125, a watch, \$75.

Protecting himself from any possibility of being identified by careless finger-prints, one of the robbers had carefully encased his fingers in rubber tips, such as are used by physicians in case of injury to their hands.

The police have a good description of the two men given them by the Kellys. Detectives Esola and Cashel have been assigned to the case.

## COLUMBUS DAY FEATURES TO BE MANY MISS NELLIE SCHMIDT TO DIVE IN LAKE

H. H. CALDWELL, WHO IS ASSISTING IN PLANS FOR THE COLUMBUS DAY CELEBRATION IN THIS CITY.

## Trained Chorus of School Children to Sing Patriotic Selections Following Landing of Explorer

Additional features for the big water carnival and spectacle which will be given on the shores of Lake Merritt Columbus Day, October 12, were decided upon yesterday afternoon at a largely attended meeting of the committee of arrangements and men and women interested in the holiday. From all indications the celebration, which will be the third of its kind to be held in Oakland, will be the big event of the year. Work will begin as soon as the festival is over for the one to be given next year, which is to be the greatest affair of its kind ever given on the Pacific Coast.

Miss Nellie Schmidt, the Alameda mermaid, who has gained an international reputation as a swimmer, is to be one of the attractions of the day. Miss Schmidt, through her aquatic feats, swimming across the bay, around the Seal Rocks and the Golden Gate, ranks with the greatest women swimmers of the world. She will give high diving and swimming feats in the lake.

The committee of women in charge of this feature, headed by Mrs. Hugh Hogan and includes Mrs. G. Chiglieri, Mrs. H. J. Quinn, Mrs. J. F. Slavich, Mrs. J. M. Kane and Mrs. J. P. Maher.

A chorus of school children will sing patriotic songs, following the landing of Columbus and his reception by Queen Isabella. Other features of the literary and musical exercises will be selections by a number of grand opera stars and band music. Addresses in English and Italian dealing with the life of Columbus and showing the historical significance of his feat, will be made.

The officers of the general committee, who are doing much to make the day a success, are Hugh Hogan, chairman, Judge W. R. Gentry, vice-chairman, G. Chiglieri, treasurer, and Leo J. McGowan, secretary.

## WHO IS WOOLER OF BALLET GIRL?

University Man Basks in the Sunshine of Pretty Maid at Idora.

The mystery surrounding the romance having its setting on the outskirts of the Idora Park near-bit has deepened. Yesterday it formed the chief topic of conversation on the University of California campus with the question on every lip. It is the university frater who makes daily excursions to the park beach that he may bask in the sunshine of that smile which has brought fame and wealth to pretty Edna Loraine of the Idora ballet.

It has developed that the love-sick student is not as naive as he is supposed to be. A rumor first announced a member of the Phi Kappa Sigma fraternity, C. M. Terrey and Arthur Eaton, two senior members of the Sigma house, make positive and convincing statements that the charmed one is not of their midst. The Idora attaches absolute the suspected fraternity, while even Miss Loraine indignantly denies that particular portion of the tale. She is engaged and to a fraternity man yes but she has no house didn't have such things because they always became a jinx in the long run.

But while she denies the identity of one of her suitors, the pretty chorus girl positively refuses to divulge the name of her real choice.

## FISH UPSETS CANOE; FIVE PERSONS DROWN

TORONTO, Oct. 1.—A 14-pound muscalunge was responsible for the drowning of William McCaffery of Toronto sales manager of the Canadian Electric Company, his mother, wife and two children in the Pigeon River yesterday.

McCaffery and his family were fishing from a canoe when he hooked a muscalunge. When the party failed to return home last night Charles McCaffery, father of the drowned man, organized a searching party. The canoe was found floating bottom up. The bodies were recovered.

Clutched in McCaffery's hands was a trailing line and on the hook was the muscalunge still alive.

LECTURES AT SAN JOSE NORMAL. SAN JOSE, Oct. 1.—Mrs. Florence Humphrey, prominent socially in San Francisco and sister of Mrs. Harry Pierce, a social leader here, lectured at Normal Hall yesterday afternoon on the Philippine Islands. Twenty Normal School men and women and several children from the Normal Training School wore the characteristic costumes of the islands, and the stage was dressed with tropical verdure for the occasion. All grades of island society were represented among the costumed students.

Mayor James C. Dahlman is serving his fourth term as Mayor of Omaha, Neb., having received the overwhelming support of the voters of that city. W. E. Gibson, president of the Chamber of Commerce, has been selected to act as chairman of the day and Cav. Uff J. F. Fugate, the pioneer Italian banker of the Pacific Coast, has been named as honorary president of the day.

Because of the possibilities of the holiday as a pageant and spectacle the moving picture companies are scrambling for the privilege of making pictures of the festival. The manager of Pantagosa theater in Oakland has offered the general committee \$100 for the first week's run of the films. The moving picture people are also anxious to secure the rights for 1913.

## REVENUE CUTTER RUSH OUT OF COMMISSION

PORT TOWNSEND, Wash., Oct. 1.—The United States revenue cutter Rush, one of the oldest vessels in the service, was formally placed out of commission yesterday when the officers and men were mustered on deck and saluted the pennant as it was hauled down for the last time. The Rush, which was built at Port Blakeley, Wash., in 1885, is being dismantled. For years her station was at Juneau, Alaska. The Unalak, a new vessel, is now on the way from Norfolk, Va., to replace the Rush.

## Prevention and Cure

A preventive beats a cure any day. It does away with worry and saves work and trouble. The housekeeper's attention is called to a number of things that get rid of dirt but to very few that prevent it.

Now gas, as a means of cooking, is not only the greatest of household conveniences, but it is a great preventive of work. Cooking with gas saves time, work, worry. It is quick, clean, efficient.

The housekeeper who cooks with gas is spared many petty annoyances. She can have a strong, even heat at a moment's notice and a "cold stove" in the same length of time.

Is "Pacific Service" in your home? Mrs. Housekeeper? Are you depriving yourself of a luxury and convenience that can be enjoyed at a small cost? If your kitchen is not equipped with the facilities for cooking with gas you are causing yourself a lot of needless work.

Phone or send a postal for full information.

"Pacific Service" is "Perfect Service."

## WEDDING CAKE IS MERE 100 POUNDS

Immense Tid-bit Comes From Scotland for Portland Ceremony.

SAN FRANCISCO, Oct. 1.—A wedding cake weighing on hundred pounds was rushed through the official channels of the custom house yesterday. It is valued at \$100 and was baked at Glasgow, Scotland.

The cake arrived yesterday on the British steamer "Gallia" and was forwarded by Wells-Fargo last evening to E. W. McMaster, Portland, Oregon. The cake was consigned to this port in care of Balfour, Guthrie & Co., and that firm delivered half a dozen telegrams from the prospective bridegroom at Portland, Ore., stating the wedding would be postponed until the cake arrived.

IS NONE TOO BIG.

PORTLAND (Ore.), Oct. 1.—The 100-pound wedding cake en route from Scotland to Portland is for the marriage of Miss Katherine MacMaster and will be none too big for the immense number of guests who will attend her wedding reception at fashionable Argosy, near the Portland golf links.

Miss MacMaster is to be married Wednesday, October 3, to Landon Randolph Mason Jr., a young Portland businessman associated in business with Donald Green. The ceremony will be performed at Trinity Episcopal church at 8 o'clock p. m. Special cars will carry the invited guests to Argosy, four miles distant, and nearly everyone in town has been invited to the reception. Miss Katherine, or "Kitty" as all her friends know her, will thereupon cut the immense Scottish product.

## DANGER PERIOD OF WOMAN'S LIFE FROM 45 to 50

Interesting Experience of Two Women—Their Statements Worth Reading.

Asheville, N. C.—"I suffered for years with female trouble while going through the Change of Life. I tried a local physician for a couple of years without any substantial benefit. Finally after repeated suggestions to try Lydia E. Pinkham's Vegetable Compound, I quit my physician and commenced using it with the happiest results. I am today practically a well woman and anxious to contribute my mite towards inducing others to try your great medicine, as I am fully persuaded that it will cure the ailments from which I suffered if given a fair chance.

"If you think this letter will contribute any thing towards further introducing your medicines to afflicted women who are passing through this trying period, it is with great pleasure I consent to its publication."—Mrs. JULIA A. MOORE, 17 East St., Asheville, N. C.

The Case of Mrs. Kirlin.

Circleville, Ohio.—I can truthfully say that I never had anything do me so much good during Change of Life as Lydia E. Pinkham's Vegetable Compound. "Before I had taken one half a bottle of it I began to feel better, and I have continued taking it. My health is better than it has been for several years. If all women would take it they would escape much of a misery at this time of life."—Mrs. ALICE KIRLIN, 268 W. 2nd St., Circleville, Ohio.

The Change of Life is one of the most painful periods of a woman's existence. Such discomforts may rely upon Lydia E. Pinkham's Vegetable Compound.

## WILSON RESENTS INSULT TO U. S.

Ambassador Declares Claims to Be Pushed, Despite Editorial Suggestions.

MEXICO CITY, Oct. 1.—Ambassador Wilson last night repudiated as unauthorized and gratuitous the suggestion made in the Nueva Era, a government organ, that claims for indemnities by Americans should be withdrawn.

"The embassy regards an expression of this kind," said he, "in particularly bad taste as emanating from a newspaper supposedly representative of the opinion of the government of Mexico. Some of these claims lack just or legal foundation in international precedent and their payment will not be urged by the United States. Others are just and well founded either in international practice or on the ground of international equity."

"The government of the United States expects and in due season will diplomatically insist that all claims for damages, which come either within clear precedent or the precedents growing out of amicable consideration shall be dealt with justly and generously by the Mexican government."

## 'HEATHEN CHINEE' CHARGES DECEIT

Eleven of Them, Jailed, Say They Belong to the United States.

LOS ANGELES, Oct. 1.—Eleven Chinese, in the custody of federal officials here today, declared they had been deceived or they never would have been arrested on charges of being illegally in the United States.

They asserted they had been told they could obtain work at Mexicali, just across the line in Mexico and had gone from this country into the southern republic to find employment. United States government officials they averred. Then when they found no work in Mexicali they recrossed the line into the United States, they said, only to be immediately arrested.

They were happy to be given them permission to go from this country into Mexico to seek work and will be charged with being illegally here.

## NAKED MAN SHOCKS BLASE NEW YORKERS

NEW YORK, Oct. 1.—Blase Broadway at Forty-second street received a shock last evening when a nude man ran up Fifth avenue, apparently oblivious to the attention he was attracting. Policeman Gannon at Forty-second street saw the spectacle approaching and made a dive for him. The man reversed and sped back down Seventh avenue and turning into Forty-first street ran into a lace shop conducted by the Misses Boyd.

His sudden appearance in the shop was startling. Miss Sarah Boyd and Miss Mary Boyd covered their faces with their hands and then ran into the counter. A woman customer joined in the heading dive. Miss Rose Boyd, who retained her self-possession, at once realized that the clothesless one was hiding behind a screen.

Policemen Gannon and several hundred spectators arrived simultaneously and arrested the refugee who said he was a Russian.

## HOSPITAL CREDITORS APPEAR IN COURT

SAN FRANCISCO, Oct. 1.—Creditors of McNitt hospital filed a petition in the United States District Court yesterday asking that the McNitt hospital be declared an involuntary insolvent. They allege that the hospital allowed its property on the corner of Pine and Jones streets to be seized by C. G. Dolan in a suit in the Superior court on a promissory note for \$1000. The petitioning creditors, with amounts alleged to be due them, are as follows: Johnson Bros. Inc., \$1849; Murphy, Grant & Co., \$1372; Coffin, Redding company, \$832; Nathan-Dohmann company, \$408; Getz Bros. & Co., \$328.

## S. P. DISCLOSES PLANS FOR PENINSULA ELECTRIC Road to Connect San Francisco and San Jose in Near Future

SAN FRANCISCO, Oct. 1.—Definite assurance that electric rail service between San Francisco and San Jose is now a Southern Pacific plan and will materialize within a short time, was given by a resident yesterday of Paul Shoup, president of the Pacific Electric Railway of Los Angeles, when Shoup, together with other Southern Pacific traffic men, discussed the rate grievances of the peninsula residents at an executive conference in the Flood building.

Closed to the public, the conference was attended by Shoup, H. H. Kelly, secretary of the Palo Alto Chamber of Commerce; H. W. Simkins, J. C. Parkinson and Attorney S. W. Charles representing Palo Alto and San Jose; Charles S. Bee, president of the Peninsula Electric Railway; Attorney C. W. Durbrow, A. D. Markham and Charles Seely of the railway company.

Shoup's assurance was the first official promise given by the railway of the long-talked-of electric service, and, in addition, the Palo Alto and San Jose representatives were given to understand that the rates to those two points will be reduced materially and that tomorrow afternoon at 3 o'clock the Southern Pacific will present for their approval a revised tariff showing the passenger reductions it suggests as a compromise in the rate fight.

**FOUR TRACK LINE.**  
The railway's plans for the new service, it is understood, call for a four-track system between here and San Jose. Two will be reserved exclusively for interurban traffic and the other two for express and through steam trains. With this new rail system the Southern Pacific not only expects an increased local traffic, but also better accommodations for its through service.

When the railroad asked for a continuance in the rate case before the

railroad commission a month ago, it was known that President Shoup had services in helping adjust the case. All last week Shoup, together with Vice-President E. E. Calvin, in charge of operation and maintenance, conferred in Los Angeles with Shoup and the latter arrived here early yesterday morning to be present at the conference. Shoup, it is understood, will have direct charge of installing the new electric service and it will remain under his jurisdiction. It is now unlikely that the electrification of the Southern Pacific's old "secretary route" will be an important feature of the new rail system. Shoup's assurance to the Palo Alto and San Jose representatives was indefinite only in so far as it failed to state when the company expects the service to be ready and the basis of the rate reductions which, it is said, will undoubtedly be based on present Pacific electric charges.

**ACTIONS IN CONFERENCE.**  
The conference yesterday developed into what the railroad officials view as a factional division of the Peninsula commuters. The Palo Alto citizens' conference followed one held with representatives of the San Mateo Development Association, who declined to allow the Palo Alto and San Jose representatives to enter into their discussion with the railroad officials. The railroad had issued invitations for the conference to San Mateo, Palo Alto and San Jose representatives. It was to be held at 3:30. They all arrived about the same time. But the San Mateo people objected to the presence of Palo Alto and San Jose, saying that the rate fight was primarily a local matter, financed by San Mateo money, and that the others were not justly entitled to participate.

The company officials were a bit embarrassed at this sudden turn, but the Palo Alto and San Jose representatives and the officials at the close of the first. Representing San Mateo were Rev. Dr. W. A. Brewer, J. J. Martin, W. H. Brown, J. G. McGregor, D. S. Doubleday and H. E. Tuckson, McGregor being the spokesman. The latter declined to discuss what transpired at the conference beyond saying that progress had been made, and that they would confer with the company again on Thursday afternoon.

## RATE REDUCTION VITAL.

It was understood at the last conference between San Mateo representatives and the Southern Pacific that the former told Durbrow that the matter of electric service was not considered vital to them at present; what they wanted was an immediate rate reduction. One of the conferees who was present yesterday, and who apparently took no sides in the controversy between San Mateo and Palo Alto, declared that the charges by factions was to be regretted, from a viewpoint of the entire peninsula.

"There isn't any question but that it is going to give the railroad a decided advantage in the case," he said. "The Palo Alto people are right, although they declined to discuss the matter beyond saying that the San Mateo people did not care to include them in the first conference. None of the railroad men would discuss the case yesterday beyond saying that the revised tariffs would be shown the Palo Alto tomorrow, and the San Mateo people the following day."

"Had the entire peninsula co-operated in the rate fight," said a man who attended one of the conferences yesterday, "there isn't a question but that the entire district would have gained more than it will, now that the complainants are divided into factions." Palo Alto will be satisfied with the new electric service and a reduction in rates.

"If the rates are not quite as low as asked for, the difference will be made up by the new service, unless the reduction for San Jose is less than that for Palo Alto and San Jose. In which event the last two points will ask for a pro rata decrease in charges."

Asked about the San Mateo committee's refusal to include the Palo Alto representatives in the first conference last night, Chairman McGregor of San Mateo said:

"So far as the San Mateo people's conference with the officials was concerned, everything was arranged for the conference according to our program. We were present at the conference to attend to the business of San Mateo county alone and we did not and do not care to be involved with any other counties or cities. This has been our case from the start and what others want or do not want will have no bearing whatever upon our demands."

## NEW TELEPHONE DEAL IS PLANNED

Richmond Division to Absorb  
Everything From County  
Line to Martinez.

RICHMOND, Oct. 1.—The number of telephone calls in this city has increased so rapidly during this year that the Richmond division of the Pacific Telephone and Telegraph company has decided to build a new plant to cover not only this city but all service extending from the county line to north to Martinez, dividing the city into a Richmond division and a Martinez division giving this city everything south of the county line and giving Martinez the rest of the county. This new Richmond division will include San Pablo, Pinole, Redwood, Crockett and Port Costa, and a lump sum of \$100,000 will be paid to the county and absorbing Peninsula.

Manager Calvert is to have charge of the new plant and will be assisted by a number of men of many of the details while he supervises the work of the new telephone district.

## TUBERCULOSIS CAUSE OF N. Y. DESTITUTION

ALBANY, N. Y., Oct. 1.—Tuberculosis is the cause of more than 40 per cent of the destitution in New York, according to the results of an investigation just completed by the association for improving the condition of the poor. The study found that about 40 per cent of the families that sought aid of the association during last year were made the basis of study.

## HADASSAH CLUB TAKES HAPPINESS TO UNFORTUNATES

MISS ROSLYN SCHARY.

The Hadassah Club of this city made their semi-annual visit to the Alameda County Infirmary last Sunday afternoon and entertained the five hundred inmates. There was a musical program arranged by the committee and this was followed by the serving of fruits and ice cream.

The committee of arrangements is Miss Beccie Baker, chairman, who is assisted by Miss Freda Davis and the other members of the club.

The officers and members of the club consist of twelve of the most prominent girls of this city.

The officers of the society are: President, Miss Ida Ketchum; vice-president, Miss Sadie Silverstein; secretary, Miss Sarah Friedman; treasurer, Miss Beccie Baker. The other members of the society are: Miss Roslyn Schary, Miss Pauline Hirsch, Miss Gilda Hirsch, Miss Hazel Lewis, Miss Freda Davis, Miss Sarah Robinson, Miss Mollie Kline and Miss Ruby Rosenberg.

The program of the afternoon will be as follows:

Piano solo, Sarah Friedman, vocal solo, Miss Ida Ketchum, fancy dancing, Violet Kelly, piano solo, Helen Hirschman; vocal solo, Beatrice Silverstein, violin solo, Elizabeth Greenberg; vocal solo, Beccie Baker.

The girls were accompanied by some of the most prominent of the Oakland people, among whom were Mr. and Mrs. Hirschman.

## PROOF OR QUIT, DEMANDS PASTOR

Clergyman of San Francisco  
Challenges Richmond  
Churchman.

RICHMOND, Oct. 1.—Rev. Norman W. Pendleton, pastor of the Covenant Baptist church, of San Francisco, yesterday issued a challenge to Rev. W. A. Brewer, pastor of the Richmond Baptist church, to a debate on the subject of "Theology and Socialism." The Richmond pastor charged that "the San Francisco dominion had turned his church into a Socialism political club and declared that 'Theology and Socialism will not mix.'"

## WOMEN TO PAY OFF CHURCH INDEBTEDNESS

The Ladies' Society of the Danish Lutheran church, on East Fifteenth street, and Second avenue, will hold an annual sale in Castle hall, Twelfth and Franklin streets, on Friday, commencing in the afternoon at 2 o'clock and closing at 10 in the evening.

A variety of articles and goods will be on hand for this year's sale, and as the local Danish colony always has taken a great deal of interest in these sales, the members of the Ladies' Society are hopeful of success. The money raised will be to pay off the last part of the indebtedness against the church property.

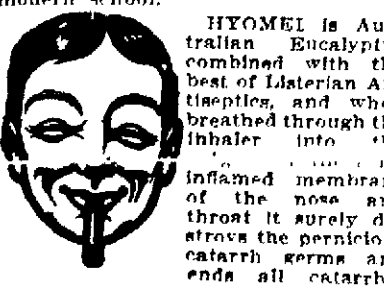

## METHODIST DELEGATES TO MEET IN SOUTH

LONG BEACH, Oct. 1.—Preparations were completed early today for the entertainment of 500 delegates from all parts of California to the Methodist annual conference, scheduled to open here tonight. The program was expected to begin with a reception to Bishop William Shepard, with addresses by ministers and city officials.

## CATARRH

Breathe Booth's HYOMEL and Refreshing  
Relief Will Come in  
Three Minutes

Australian Eucalyptus is a non-irritating, germ destroying liquid that is largely used by Catarrh and Throat Specialists and by physicians of the modern school.

HYOMEL is Australian Eucalyptus combined with the best of Listerine Antiseptic, and when breathed through the inhaler into the inflamed membrane of the nose and throat it surely drives away the pernicious catarrh germs and ends all catarrhal misery.

For Catarrh, Coughs, Colds and Croup Booth's HYOMEL is guaranteed to give satisfaction or money returned.

Try it on that honorable basis, the directions are easy to follow and a complete outfit (inhaler and bottle of HYOMEL) can be obtained at drug-gists for only \$1.00. Extra bottle after first needed only 50 cents. Drug-gists recommend Booth's HYOMEL.

## Department Changes

The location of several main floor departments was changed yesterday as a result of our wish to advance the usefulness of this store and insure the maximum of service.

Dress goods and silks have changed places with wash goods. The Men's Furnishing Department has been moved to more spacious quarters to the left of the Fourteenth Street entrance to make way for sellings and rubbings.

Notions will be moved in a day or two to a position in the center of the store. Neckwear will have the space now occupied by notions and stationery, the present neckwear location, all of which changes will add to the convenience of customers and give several departments that have outgrown their present quarters more room.

## DECLINES TO ENJOIN PAPER FOR SWITCHING

DURHAM, N. C., Oct. 1.—Superior Court Judge Whitcomb last night declined to grant an injunction restraining the State Dispatch, a Burlington, N. C. weekly paper, from supporting the Progressive presidential ticket.

The court was asked to enjoin the Dispatch company, had petitioned the court to restrain the editor of the paper from carrying out the directions of the majority stockholders, who voted to switch the paper's allegiance from the Republican to the Progressive party.

Whitcomb claimed he had been induced to put money into the paper with the understanding that it was to be Republican.

## STINGLESS BEE--NOT FOR BONNETS--IS BRED

LONDON, Oct. 1.—The stingless bee is  
the next production of man's ingenuity.  
Mr. Burrows, an apiculturist of the town of  
Loughton, in Essex, after two years of  
experiments has obtained a species of bee  
which can be handled by a child in per-  
fect safety.

He mated the Cyprian drones and  
Italian queens, the result being the pro-  
duction of harmless insects, which, how-  
ever, are splendid workers. It is claimed  
that they are less liable to disease than  
the ordinary honey gatherer. It appears  
that the new product has a sting, but it  
is useless as a weapon of offense. Yet  
they die when they lose it.

wealthy Texas lumberman, whom he  
accused of alienating his wife's affec-  
tions.

## CHARGE OFFICIALS WITH CONSPIRACY

Western Company Declares  
Attempt Is on Foot to Grab  
Tahoe.

SAN FRANCISCO, Oct. 1.—Charging  
that the United States Reclamation Ser-  
vice has entered into an illegal and secret  
contract with the Stone & Webster Power  
Company, a branch of the Power Trust, by  
which that corporation will monopolize  
the power resources of Lake Tahoe and  
rob that wonderful body of water of its  
grandeur, a suit to restrain the govern-  
ment and the power company from deep-  
ening the outlet of the lake was filed yester-  
day in the Superior Court at Placer-  
ville, El Dorado county.

The suit was brought by the Western  
Company, holding corporation for the  
Tahoe estate properties, which border the  
lake on the south, and the action will be  
prosecuted by nearly all of the property  
owners, including the W. S. Bliss Com-  
pany, which runs the Lake Tahoe Rail-  
road, and the largest resorts on the lake.  
The action was brought after the prop-  
erty owners had made a personal appeal  
to President Taft and the Department of  
the Interior. Failing to obtain assistance  
from these sources, the property owners  
began injunction proceedings, and work  
that was to have been commenced by the  
government on the lake yesterday was  
postponed.

The charge that the alleged secret ar-  
rangement between the reclamation ser-  
vice and the power company "looks like a  
frame-up to deliver to the power com-  
pany \$1,500,000 worth of extra power at  
the expense of the government, with  
great damage to the property owners" was  
made yesterday by W. S. Bliss of the  
Bliss Company, in a letter to Congress-  
man Julius Kahn, after the suit had been  
served on local representatives of the  
Stone & Webster Company.

## BLISS MAKES CHARGE.

Bliss also mentioned the names of  
Congressman William H. Kent, Clifford  
Blanchet, former United States Senator,  
and F. H. Nowell, Director of Reclama-  
tion, in his letter, declaring they had all  
agreed to the contract and the power  
company's plans. In his letter to Con-  
gressman Kahn, Bliss says that the ar-  
rangement "looks like a Roosevelt party  
putting the contract through before the  
election and before the Stone & Webster  
land is condemned by the government a  
few months from now."

The government and the power com-  
pany, on the other side, deny that a  
secret contract has been entered into and  
both declare the arrangement has been  
made so that the additional water drain-  
age from the lake may be used to irrigate  
lands.

Bliss declares that if the arrangement  
goes through the water level on Lake  
Tahoe will be lowered six feet, and that  
a rough and unlighted shore-line will be  
exposed, and the two shores around the  
lake will be rendered useless and sev-  
eral of the picturesque bays on the lake  
will be made un navigable.

In answer to the contention that the  
deepening of the outlet is needed for  
furnishing an adequate supply of water  
for the arid lands, Bliss declared that the  
irrigation season had closed, and he  
branded this contention as a pretense  
raised to cloud the real issue.

East than Pittsburgh. Chicago, Kansas  
City and St. Louis are known to be in-  
cluded, and it is thought that Cleveland  
and Cincinnati will be granted franchises.

## 'OFFICER 666' ARRESTS MUCH ATTENTION; MORE LAUGHTER

(By LEO LEVY.)

Laughter, much laughter, long and loud,  
greeted the several predicaments of "Offi-  
cer 666"—all three of him—at the Mac-  
donough, last night. People who go to  
theaters are prone to guffaw at trouble,  
when it's the other fellows', and it is  
altogether that, in "Officer 666." The other  
fellow is continually putting his foot into  
it. There are five of his ilk and a couple  
of girls all of whom founder in a sea  
of farcical mixups from which they are  
rescued by a playwright with one eye on  
the clock and the other on human en-  
durance.

Augustin MacHugh employed a lot of  
time-honored methods in putting forth  
"Officer 666," but he hides them behind a  
novel setting and numerous bright lines.  
He writes of Travers Gladwin, a young  
millionaire who returns from Europe un-  
expectedly and discovers another party  
masquerading as himself. A little later he  
stumbles on the fact that the fake Gladwin  
is about to elope with a fair and innocent  
girl, and with numerous of his valu-  
able collection of paintings.

HE'S GOOD AND TRUE.

Travers, a good stage character, and  
true, forthright falls in love with the girl  
and resolves to foil the villain. He does  
it by borrowing the uniform of Officer 666.  
Eventually he is mistaken for thief and  
has to extricate himself. He discovers  
the necessity of saving the girl from no-  
torious and finds his hands full in that  
direction. Everybody else gets in every-  
body's way and for those two acts that

follow the first there is much excitement.  
"Officer 666" would be everything New  
York said of it, if the present company  
was kind, gentle and considerate. It  
isn't. There's everything a farceur could  
ask for in the piece—lines that pun on  
everything, situations that would do credit  
to life, a goodly sized practical chest in  
which to hide from complications that are  
coming too thick. Also there is a splendid  
excuse for that joy of all farceurs—low  
comedy.

## WOULD PLAY ITSELF.

"Officer 666" would play itself if those  
vitality concerned in the cast would allow  
it. They don't; and that's what's the  
matter with the production.  
Learning his lines is the task of every  
actor; reading them right is his duty. If  
the Travers Gladwin of the present com-  
pany would give one week of genuine  
study to lines alone, digging up their  
reasons for being and discovering lights  
and shades, he would give a capital per-  
formance. It's in him and he proved it  
on several occasions, last night.

He who plays Alfred Wilson does better  
by his part. Whistling Barnes, too, com-  
es near what he's intended to be. A farceur  
is more than a galling gun, spouting ver-  
bal ammunition at the rate of three hun-  
dred a minute. That weapon produces a  
lot of noise but it is mighty destructive.

## LOW KEY MELODRAMA.

"Officer 666" plays its melodrama on a  
low key and it never wanders over the  
scale, clashing discordantly with action.  
It is not as hilarious as "Baby Mine," but  
its laughter is spread out over a  
greater surface. "Seven Days" offered  
more genuine comedy and less farce, but  
that is of the past. Comparison with  
"Over Night" reflects on that farce for its  
complications dealt with the saving of a  
young thing from a compromising posi-  
tion.

"Officer 666" is clean as a policeman's  
star and as noisy as his whistle. As a  
laugh-producer and a box-office success it  
is above par. Measured by the standard  
of dramatic art, it is synopsized piffle.

## S. P. SELLS PACIFIC MAIL, IS REPORT

Wise Ones Say Some Kind of a  
Deal Is on Because of  
Canal Tolls.

SAN FRANCISCO, Oct. 1.—Excitement  
swept through the financial and shipping  
districts of San Francisco yesterday when  
rumors were received by brokerage  
firms reporting the sale of the Pacific  
Mail Steamship Company to a foreign  
corporation.

Some of the dispatches said the pur-  
chaser was the Hamburg-American line.  
Others announced it was the Toyo Kisen  
Kaisha.

Confirmation of the rumor, which would  
virtually mean the disappearance of the  
United States flag from merchant vessels  
on the Pacific ocean, could not be ob-  
tained.

R. P. Schwerdt, vice-president and gen-  
eral manager of the Pacific Mail, left re-  
cently for New York. A. J. Frey, his  
assistant, professed to know nothing  
about the sale.

"We of the operating department have  
heard nothing about this matter," said  
Frey. "Judge Lovett and the executive  
committee in New York are the only  
persons in position to speak authorita-  
tively on the subject."

William H. Frey, executive of the  
United States flag on the Pacific coast  
also is absent from San Francisco. He  
is in Japan. L. E. Bennies, acting as-  
sistant general manager, said he knew  
nothing about the reported purchase of  
the Pacific Mail.

"I do not know the first thing about  
it," said Bennies. "I never heard that  
we were thinking of buying it."

IN GERMAN PAPER.  
H. P. Dorgeloh, Pacific Coast manager  
of the Hamburg-American line, left re-  
cently for New York. He was explained  
at the office of the company, however, that  
a German newspaper recently had what  
appeared to be an authoritative article  
to the effect that the Pacific Mail fleet  
was to be acquired and operated by a  
German company, consisting of the Ham-  
burg-American and White Star lines.

Although the report of the sale could  
not be confirmed, the Pacific Mail would  
 sooner or later be sold by the Southern  
Pacific. The shipping men took this  
view because of the clause in the re-  
cent act concerning canal tolls which are  
levied on vessels owned or controlled  
by railroad companies.

## SALE OF MUSLIN GOWNS WEDNESDAY

In order to stimulate our MUSLINWEAR DEPARTMENT during October, we have taken  
particular pains to arrange a sale of GOWNS. This has been done by a careful searching of  
the market for an exceptionally fine line of muslin goods—the kind we always try to get—  
which we could purchase at a price enabling us to set a wide mark between VALUES and  
PRICES. We looked for the opportunity to offer splendid values at such reasonable prices  
that we would be all sold out in one day, as we were in July. We have succeeded. On Wed-  
nesday these beautiful gowns go on sale. These are not made of stiff muslin, but all are of  
fine lingerie materials, ribbed and with lovely trimmings. Even for fall, the prices are ex-  
ceptional.

## INSANE GIRL KILLS BROTHER ON FARM

Slayer Found in Brush Clasp-  
ing Cartridges and  
Weapon.

HOLLISTER, Oct. 1.—May Thomas, a  
young woman aged 24 years, who for  
four years has been insane, though not  
thought dangerous, shot and killed her  
only brother, Grover Thomas, aged 27,  
in the farm house kitchen on the San  
Benito river, 12 miles south of Hollister.

The bullet from a rifle entered the left  
side of the man's back, penetrated the  
heart and emerged from the right side.  
There were no witnesses, the father be-  
ing in the fields and the mother in Hol-  
lister, where another daughter is in school.

The sheriff's deputy found the girl in  
the brush with face downward and clasp-  
ing two cartridges and the gun. She was  
taken to Hollister jail, not a word passing  
her lips, and will probably be sent to an  
asylum. Her unbalanced mind is said to  
have been due to typhoid fever.

## COMMISSIONER TAKES NO CHANCE WITH WATER

LAN RAFAEL, Oct. 1.—"I've been  
drinking beer all day—breaking away  
from my customary beverage—because  
of the healthful character of this  
water," said Railroad Commissioner  
Gordon at noon, during the progress of  
the hearing in connection with Hugh  
Boyle's Thurston Water Company, there-  
by causing a laugh that halted proceed-  
ings.

An analysis of the water in question,  
which had been made by the University  
of California, was introduced, and showed  
the water to be impure, filled with animal  
life and bacteria. The hearing was in  
answer to a petition of Boyle to the State  
Railroad Commission to take testimony  
for the purpose of establishing water  
rates. Heretofore a flat rate of \$1.50 has  
been charged, with an additional charge  
of \$15 for the installation of meters.

told a month before the announce-  
ment of the decision of Judge Wright  
of the Supreme Court of the District  
of Columbia, transferring jurisdiction  
from Gompers, Mitchell and Harrison  
over the picket was "showing it in  
every Tom, Dick and Harry." He gave  
the president of the Washington  
Typographical Union as his authority.

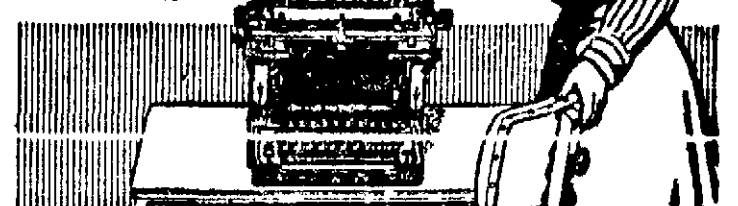

## TURKEY TROTTER IS MARRIED ON DARE

TARRYTOWN, N. Y., Oct. 1.—As a  
sequel to a joy ride, Miss Margaret N.  
Perry of New York was married yester-  
day morning to Richard Lubcke of New  
York. The ceremony was performed by  
Judge W. B. Moorehouse, who only a  
few hours before had fined Miss Perry  
\$10 for dancing the "turkey trot" in the  
street in front of John D. Archbold's  
house. After the judge fined her \$10 she  
went with the party to the Florence Inn  
and at 11 o'clock last night Lubke dared  
her to marry him. She accepted the dare.

## The Alternative Before Republicans.

Unless the courts can find a warrant in the law to compel the Secretary of State to put the Taft electors on the official ballot under the Republican designation, the Republicans of California will have no opportunity to vote for the man of their choice. Their party designation has been stolen for the candidate of another party, and if they vote at all they will be compelled to choose between the candidates presented by parties opposed to the Republican party. Taft electors cannot now be placed upon the ballot by petition, and the Republican managers have decided that they would make no attempt to nominate Republican electors by petition, since they would be designated as independents.

It will be a question of law that the courts will have to pass upon. If there is no legal warrant for granting the relief prayed for, the larger question of honest and fair elections will be submitted to the people. If the outrage perpetrated at Sacramento be legal, as the Attorney-General says, it is none the less dishonest and unjust. Printing the names of Roosevelt electors as Republicans will be a lie in essence and purpose. The method by which it has been accomplished may be legal, but it is not right. It lacks every element of honesty and fairplay. It was intended, and is, to be a cheat and a delusion.

The men who perpetrated this trick desired to prevent a free expression of popular sentiment at the polls. They sought an unfair advantage for their candidate. They were equally desirous of placing an obstacle in the way of President Taft. So they falsely present Theodore Roosevelt as the Republican candidate when he is the candidate of an opposing party.

Chester Rowell, who has been most active in the perpetration of this fraud, argues that Republicans will vote for Roosevelt if Taft's name does not appear on the ballot. His judgment of human nature is as poor as his conceptions of morality are low. He believes the voters are too ignorant to detect a fraud, and so indifferent to wrong that they will not punish it. He unconsciously reveals the motive which prompted the theft of the Republican name for the Roosevelt electors. It was the hope of getting by trick and device votes for Roosevelt that would not otherwise be given him. Another motive was the desire to deprive Taft of all chance of carrying the State.

If the opinion of the Attorney-General holds good, the contest in California will be narrowed down to Wilson and Roosevelt. Who are the Republicans who have been robbed and denied the opportunity to vote for their party nominee to vote for? The answer to this question will determine who will get the electoral vote of this State.

Will the Republicans who have been plundered vote the ticket the robbers have prepared for them? The election returns will tell.

## The Friend of Women-Killers.

Lieutenant-Governor Wallace may think he is endearing himself to the women voters of California by interposing to save women-killers from the gallows, but we doubt it. Nevertheless he must be credited with the courage of his convictions, however weak in his judgment and misdirected in his sympathies. He saved that unspeakable wretch, George Figueroa, who murdered his wife because she would not submit herself to the lustful embraces of Figueroa's friend and boon companion, from the gibbet, and in the face of outspoken criticism followed up the commutation of Figueroa's sentence by reprieving three other woman-killers, who are under sentence and awaiting execution. These recipients of the Lieutenant-Governor's favor are:

Alex Szafscar, a San Francisco tailor, who murdered his divorced wife.

Willie Luis, who murdered his father's American-born Chinese wife in San Luis Obispo because she had supplanted his mother in the household of his father.

Ed Williams, an Indian who murdered two women in Butte county. This murder was committed while Williams was intoxicated.

The excuse Lieutenant-Governor Wallace gives for staying the execution of these condemned murderers is that he has learned from the clerks of the several counties that a sufficient number of signatures has been attached to the petition to submit the repeal of the death penalty to the judgment of the voters, and he does not wish to let any execution take place till the electors have passed upon the proposition at the polls.

How kind! How solicitous that these bloody-handed ruffians shall be given every opportunity to escape the gallows! He suspends the operation of the law till the voters decide whether or not capital punishment shall be abolished. If the penalty should be abolished, he wants to make it retroactive so far as it lies in his power.

Well, what of it? The victims were only women. True, they were helpless creatures and were slain with cruel barbarity, but it would be a shame to let the wretches who murdered them take the punishment the law prescribes so long as there is a chance to save them. Probably the Lieutenant-Governor will commute their sentences (if he is then acting governor) in case the proposition to abolish capital punishment is voted down. Such men are too precious to lose. Criminal human life is too dear and innocent human life too cheap for murderers to be hanged—especially murderers of women. Lieutenant-Governor Wallace believes that the fittest should survive. Unhappily his judgment as to the fittest is at variance with the commonly accepted standards. His sympathies seek strange and horrible objects. His pity begins where it is exhausted in other people. It becomes aggressively animated in behalf of the perpetrators of the most hideous and atrocious crimes.

Women ought to feel peculiarly grateful to the Lieutenant-Governor for the high estimate he places on their lives and virtue. Assassins should feel—and doubtless do—that they have found a friend.

There is trouble in the Balkans, but not in the spring, as the correspondents of the London papers are fond of saying. The threatened coalition of Bulgaria, Serbia, Montenegro and Greece against Turkey would be formidable in the present posture of affairs. Turkey is at war with Italy and has insurrections on her hands in Albania and Asia Minor, and her governmental affairs are in a confused state. Her treasury is empty and her finances badly disarranged. But the great powers are not willing to see Turkey pushed to the wall. Europe might be convulsed with a general war over the partition of Turkish territory. The money-lenders also must be considered. The expulsion of the Ottoman from Europe would destroy their security for the money they have loaned Turkey. Hence every chancellery in Europe is active in trying to compose the present difficulty. A war between the Balkan powers and Turkey has in it the material for a general conflagration.

## DEATH—"Impure Milk Is the Best Crepe Maker"

## The Wolf and the Lamb.

We have heard of Satan rebuking sin, but for a footpad to accuse his protesting victim of lying as a justification for the robbery is something new. It is a degree of effrontery that has not hitherto been approached.

But it is the sort of new wine that the San Francisco Chronicle puts in old bottles when it indicts the opponents of the annexation amendment of lying. When have the proponents of the annexation scheme told the truth about it, or met the objections that have been urged by the people whose rights and liberties are threatened? When has the Chronicle fairly and truthfully stated the issue? The very indictment it brings is a flagrant example of tergiversation and disingenuous special pleading on questions which are merely collateral to the point at issue. It reminds one of the old fable of the wolf and the lamb.

A wolf by the river slaking his thirst saw a lamb below refreshing himself in the same way, and accused him of muddying the water he was drinking.

"But," said the lamb, "that cannot be because the stream runs from you to me, and no disturbance I make can affect the purity of the water you are imbibing."

"Ah, ha! you rascal, you are lying," quoth the wolf, "and therefore have no standing in court. You are sentenced to be eaten by me as a punishment for your crime."

This free version of La Fontaine illustrates the Chronicle's attitude and the motive for the charge it has brought against the opponents of annexation. As attorney for the wolf, it feels that it is bound to furnish some reason why the lamb should be devoured.

The signing of the covenant by the Orange Ulster men is in the nature of a bluff because it is intended primarily to influence public sentiment in Great Britain. That is why an appeal is made to Protestant prejudice. Scotland and Wales are strongly Liberal and Protestant; they furnish the backbone of the Liberal strength in the House of Commons. That is why the Orangemen of Ulster have raised the anti-Catholic cry, and threaten to rebel against home rule. Still an appeal to bigotry and ancient religious prejudice is not without its dangers. It sometimes kindles a fire of unreasoning fanaticism that is difficult to extinguish. The Presbyterians of Scotland and the Methodists of Wales are strongly anti-Catholic, although they believe in home rule for Ireland as a matter of justice and principle. But principle and considerations of justice are often swept away in a burst of religious prejudice and enthusiasm. That is why the backfire the English Tories have started in the North of Ireland menaces Liberal ascendancy in Parliament.

## THUNDER AND ITS MEANING

Thunderstorms affect many people with nervousness, and the principal cause of the distress seems to be the thunder as much as the lightning. It is in vain to point out that there is no danger in a lightning flash that has been seen, for had it struck the person exposed to the storm, death would have occurred before the eye and brain could have realized the flash. In spite of knowing this the ominous roll of thunder and the still more startling single crash that comes when a storm is near, produce a very definite fear upon some people.

The various forms of thunder are little understood. If the observer is near the lightning flash, the immediate report is sharp crackling and ceases almost instantly. If, however, the observer is some distance from the center of the storm, if, in other words, several seconds elapse between the seeing of the flash and the hearing of the thunder, the sound comes as a rolling reverberation, and the sharp crackling is rarely heard. It is evident, therefore, that the number of seconds elapsing between the flash and the thunder will give the number of miles away that the electrical discharge has occurred, but the relation between a crackling sound and a rolling sound will also at the same time form a means whereby to tell the force of the discharge. Storms are usually much nearer than imagined, for a lapse of five seconds between flash and thunder shows a distance of five miles, and when as much as ten seconds have elapsed the thunder sounds faint and far away.

POLITICS PARTS  
CAMPUS PAPERS

**Pelican Scored by Californians  
for Printing Photo of  
Wilson.**

UNIVERSITY OF CALIFORNIA, Oct 1  
—The Pelican, the college funny paper appeared on the campus yesterday with an immense picture of Woodrow Wilson gracing the inside of its front cover. The adventure of a university publication in political fields has aroused discussion all over the campus, chiefly adversely. This morning the editor of the Daily Californian proceeds editorially to de-

labor his contemporary.

Under the custom, University publications this semester have devoted much space to a fairly political "The Call" page. The University has published page articles noting with much detail meetings planned on various candidates for the University's next president. It was couched in the following editorial:

"With no desire to criticize unfairly, we call attention to the fact that the University is publishing Mr. Woodrow Wilson's picture in such a place and manner as to give the impression of an official advertisement. But exhibited as it was, on the back of the notice of the meeting of the University's English Institute, the picture is hardly in English in the former body of the magazine, the University's official publication."

However, strongly the individuals of the University may feel for one side or the other, they should not fail to support the causes of their respective candidates, the utmost care should be taken to make the University's organs of the University and students free from the charge of partisanship. As men, they should support the cause of the one strenuously as they desire. But representatives of the students should guard against the charge of partiality.

## PLUNGER'S INSURANCE AMOUNTS TO \$150,000

CHICAGO, Oct. 1.—Ed Dwyer, the former Board of Trade plunger, New York promoter and all-round good fellow, who once could write his check for many thousands, but who committed suicide in Jacksonville, Wis., supposedly broke, with but 12 cents in his possession, did not die penniless after all.

News from Jacksonville is to the effect that policies for \$150,000 life insurance have been found among his effects. Dwyer is said to have come into approximately \$7,000,000 when he married a widow in Florida many years ago, but his money melted away rapidly just before his suicide. He entertained an old friend at dinner here and announced that he was all in and intended to end it.

## PROPOSED LAW MEETS OPPOSITION

Church Federation on Record  
as Against Re-legalizing  
Race Track Game.

The following resolution was unanimously passed at the regular meeting of the Oakland Federation of Churches in regular session:

Whereas, An attempt is being made to re-legalize race-track gambling by submitting to the voters of this State at the November election a proposed statute which will make such demoralizing practice lawful, and

Whereas, Such proposed law is submitted in such form as to perpetuate a fraud upon the voters of this State and secure their support to this measure by deceiving them as to the real import of such law, and

Whereas, The overthrow of race-track gambling by the last session of the Legislature was secured only by tremendous effort on the part of those interested in the moral welfare of the State, and said effort will be absolutely nullified and defeated by the success of this amendment and race-track gambling again become a moral blight upon this community and our State, and

Resolved, That we, the Oakland Church Federation, unqualifiedly denounce any such proposed return to former evil conditions; that we vigorously condemn the misleading and fraudulent method used in this attempt to foist upon the people such an amendment, that we warn every citizen against the use of this iniquitous measure, and that we urge that every effort, including legal action, if found practicable, be made to defeat this movement.

Resolved, We call upon and urge the press of our city and State to lend its influence toward the defeat of this measure.

## THOS. J. HAYDEN Y. W. C. A. SPEAKER

Tells Civics' Class Democratic  
Principles and Their  
Meaning.

Thomas J. Hayden, member of the Board of Education of San Francisco gave an address before the civics' class of the Young Women's Christian Association last evening. Hayden's talk was on the principles of the Democratic party and he explained very carefully the stand which that party takes on the tariff question. He told how the steel trust, while making 100 per cent on steel rails sold in this country and 50 per cent on steel rails sold abroad, still employed its men at as low a rate as \$8 a week, working them twelve hours a day, seven days a week and 30 days a month.

He told how Theodore Roosevelt had helped out J. Pierpont Morgan and his banks by loaning them money during the panic of 1897, for which they received 6 and 8 cents interest and for which the United States received no interest. He urged the class to study the record of Woodrow Wilson and see what stand he had taken in New Jersey against the bosses and the trusts.

Hayden was followed by J. J. MacDonald, chairman of the Alameda County Democratic Committee, who told of his own experience at the Chicago and Baltimore conventions. MacDonald said that he had been a student of practical politics for twenty years and remembered the stand Theodore Roosevelt had taken against Tom Johnson, Cleveland's progressive Republican, against La Follette in the convention of 1898 and many other instances. MacDonald said:

"I would not be afraid to put my endorsement on the back of Woodrow Wilson and turn him loose. I would never be afraid that he would act otherwise than as a Christian gentleman."

The next meeting of the class will be next Monday evening and the subject will be "The Past Republican Party" and at the following meeting Socialism will be discussed.

## TRIAL OF LABOR MEN CONTINUED

Two Seats in Ector Jury Box  
Filled When Session  
Opens.

SALEM, Mass., Oct. 1.—Two seats in the jury box were occupied and nearly 250 talemans were awaiting examination when the trial of Joseph G. Ector, Arturo Giovannitti and Joseph Caruso charged with being responsible for the death of Anna Lopizzo a Lawrence textile operative was resumed in the superior court here today.

Witnesses and jurors who were called before the court yesterday and questioned as to their qualifications for jury duty. A dozen were accepted to the district attorney and his assistants were challenged by one or another of the defendants and about the same number were objected to by the commonwealth.

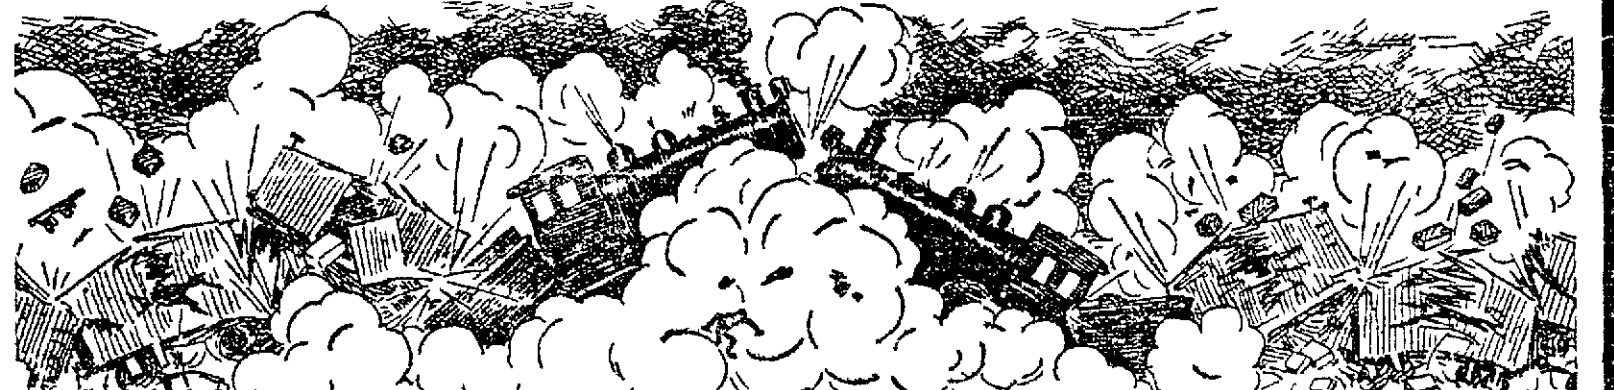

**RETURN TO WORK**  
LAWRENCE, Mass., Oct. 1.—A strike of 24 hours, declared by the Industrial Workers of the World employed in the textile mills of this city as a protest against the imprisonment of Ector and Giovannitti, ended today when 12,000 operatives who had remained away from the mills yesterday, returned to work. Some minor disturbances were reported.

**M**RS. MARSHALL HOL-  
LAND was hostess at a  
delightful affair Saturday  
afternoon, at which she  
complimented her sister,  
Mrs. Virginia Butler Pracht,  
the young couple, informally a  
few intimate friends from  
both sides of the bay. The table was  
exceptionally attractive with a huge  
basket of roses and ferns and dainty  
corsage bouquets at each place, from which  
cunning cupid peeped hearing interesting  
envelopes. These missives held the  
announcement of the betrothal of Miss  
Verna Butler Pracht and August Terrell  
Hollborn.

The engagement is the outcome of an  
old romance, the young couple having  
been school mates and their mothers, Mrs.  
Fletcher and Mollie Stephens, were  
girlhood chums. The marriage will unite  
two of California's pioneer families. Mrs.  
Pracht is the daughter of Mr. and Mrs.  
Richard Blanton Butler of San Francisco  
and Fresno and a granddaughter of J. J.  
Stephens of Woodland and a grand niece  
of Jefferson Davis. Terrell Hollborn is  
the son of Mr. and Mrs. Louis Hollborn of  
Fresno and a nephew of the Adolph Hol-  
borns of Sacramento.

Those who participated in the affair  
were Mrs. Harvey Mount, Mrs. Thomas  
Dunn, Mrs. Harvey Seagriff, Mrs. Wil-  
liam O'Connor, Miss Lottie Lovett, Miss  
Ethel Thordyke, Miss Olive Wolf.

**INTERESTING WEDDING.**  
About 300 bay city folk will gather in  
Trinity Episcopal Church tomorrow morn-  
ing to witness the wedding of Miss Edith  
Gere Kelley and John Woodruff Garth-  
waite, both of whom are prominent in  
the social life of this city.

The bride will wear the conventional  
white satin gown, embroidered, and trim-  
med in point lace, while the tulle veil will  
be caught with orange blossoms. The  
bride bouquet will be lilacs-of-the-valley  
and orchids.

Miss Muriel Kelley, as maid of honor,  
will be gowned in green and gold and will  
carry an armful of maidens and lilacs-  
of-the-valley. Three little flower girls  
will be in attendance. They are Miss  
Harriet, Miss Elizabeth Kelley and Miss  
Mary Davis.

A reception will follow at the home of  
the bride's mother, Mrs. George Kelley, at  
which will gather only the relatives of  
the young couple. After a bride and groom  
Garthwaite and his bride will live in  
Corona, in Riverside county, where the  
former has extensive orange groves. The  
Garthwaite family is one of the oldest  
and best known in Oakland, and the mar-  
riage is of wide interest here.

## FORMER OAKLAND GIRL ENGAGED.

Word has been received here of the  
engagement of Miss Daphne Jordan and  
Henry Ivy. Miss Jordan formerly made  
her home in this city. She is the daughter  
of Mr. and Mrs. M. L. Jordan, and the  
family moved to Concord about three  
years ago to the rear of their friends  
here. They own a large olive grove three  
miles from Concord, called "Monte Del  
Diablo Rancho," and it was at a luncheon  
given there that the news was told, and  
letters received here informed Oaklanders  
of the betrothal. Ivy is a young busi-  
ness man of Concord. The wedding date  
has not been set.

## WHIST PARTY.

Mr. and Mrs. John F. Campbell enter-  
tained a score of guests at a whist party  
on Saturday at their Berkeley home. Miss  
Frances Drope of Hamilton, Canada, was  
the inspiration for the affair. Following  
the game a dainty supper was served to  
Mr. and Mrs. Wm. Stanton, Mr. and Mrs.  
John Arnold, Mr. and Mrs. James H.  
Stephens, Mr. and Mrs. John A. Parkin-  
son, Mr. and Mrs. Charles Lothrop, Mr.  
and Mrs. M. G. Mann, Mr. and Mrs.

## SERIES OF DANCES.

The Katoma Cotillon has announced  
a series of dances to be held at the Home  
Club for the winter season.  
The cotillon was organized this year  
and promises to be one of the popular  
dancing clubs around the bay.  
The membership list includes a great  
many of the local smart set, but the pro-  
prietor will be San Francisco girls, who  
will cross the bay.  
There will be four dances, the first  
date being set for Thursday evening,  
October 24.  
The patronesses of the club are Mrs.  
A. E. Crawford, Mrs. W. C. Cullingham,  
Miss Fitzgibbon, Miss Powers and Mrs.

a pretty planned luncheon today, having  
as her guest a dozen matrons of the local  
smart set. A game of bridge followed the  
meal.

## COMPLIMENTARY TEA.

Mrs. Justin J. Van Lohsen Seals gave a  
very pretty tea yesterday, making Mrs.  
James de Forester Jr. the honored guest.  
The latter was, before her marriage of  
last June, the lovely Miss de Louthville,  
Kentucky. About 100 guests called  
during the afternoon and were received  
by the hostess and Mrs. Hugh Broadhurst.  
Mrs. James de Forester Jr. was assisted  
by Mrs. C. R. Lloyd, Mrs. Samuel

## WOMEN IN THE NEWS

FIRST WIFE OF  
GEN. SICKLES  
ALIVE?

The Baby of Carpathag, Now  
Grown to Manhood, Would  
Find Mother.

**N**EW YORK, Oct. 1.—That  
the first wife of Major  
General Sickles is alive, although the old  
warrior had often an-  
nounced that she was  
dead, while he has re-  
married and separated  
from his second wife, is  
the claim brought forward here by Sum-  
ner Molyneux, who claims to be the son  
of General Sickles and his first wife.

Sickles' first marriage was to Miss  
Teresa Harrell, daughter of an Italian com-  
poser, who brought the first Italian opera  
company to America.  
Sickles shot and killed Philip Patton  
for in a quarrel following a slighted con-  
fession of the woman of her relations  
with Key 47 years ago.

Molyneux, an employee of the Lacka-  
wanna railroad, living in Jersey City, de-  
clares that five months before the shoot-  
ing Mrs. Sickles left her baby in a carpet-  
bag on a railway train at South Amboy.  
This babe, Molyneux claims, was himself,  
now grown to manhood and anxious to  
find his mother.

The shooting of Key by Sickles, who  
was acquitted on the "unwritten law"  
plea, created a nationwide sensation and  
Sickles and his beautiful young wife were  
ostracized. Later, according to the old ge-  
neral, who was then only a congressman,  
she died.

He went to Spain as American minister  
and there married the daughter of a Span-  
ish cabinet officer, who is still living in  
New York, but apart from her husband.  
Mrs. Mary A. King, who found the baby  
in the carpet-bag, is still alive and has  
informed Molyneux that she is certain  
that the woman was the wife of Congress-  
man Sickles. General Sickles refused to  
discuss the matter.

## May Wed Prince

**BERLIN, Oct. 1.**—The latest discov-  
ery of the husband hunters for the kal-  
ser's daughter, Princess Victoria, is that  
she is to marry Prince Ernest of Cum-  
berland, son of the duke of Cumberland,  
cousin of King George of England, in-  
cidentally ending the feud existing be-  
tween the Hohenzollerns and the Cum-  
berland family.

The story, which comes from Upper  
Austria, is that the match is the out-  
come of the tragic death of Prince George  
of Cumberland in the early spring, when  
the Kaiser sent a sympathetic message to  
the father of the prince, who, in turn,  
sent his other son, Prince Ernest, to  
convey a message of thanks to the Ger-  
man emperor.

While he was in Berlin Prince Ernest  
became enamored of the Princess Vic-  
toria, it is said. While the story has  
gained a lot of prominence, it cannot be  
confirmed.

## On Way to Virginia

**SAN FRANCISCO, Oct. 1.**—Mr. and  
Mrs. Henry Gaillard Smart, whose wed-  
ding recently at Honolulu was talked  
about in the social centers of Hawaii and  
the States, arrived here yesterday on the  
liner Korea. The bride was formerly  
Miss Thelma Parker, daughter of Mrs.  
Ed Knight and niece of Colonel Sam  
Parker, and she has millions in her own  
right.

It was just after she came into her es-  
tates and had rounded out 18 summers  
that Mrs. Smart met her husband, a  
young Virginian of 21 years who went to  
Honolulu on a business trip. In a short  
time they were engaged and the wedding  
time was the most elaborate affair of its  
kind ever held in the islands, being marked by  
old-time splendors.

"We will be here two days," said Smart  
after he had his faithful bride gradu-  
ally consented to listen to the click of  
the cameras. "Then we are going to my  
home in Norfolk. We will return later to  
Honolulu, which will be our permanent  
residence."

## She Found 'Angel'

**SAN JOSE, Oct. 1.**—Because a "good  
angel" answered the call of Leavitt  
Ives, the pretty singer, the members of  
the vaudeville cast which came here a  
week ago as the Nell & Hamilton road  
show, were able to get together money  
enough to pay their next bills and move  
to San Mateo, their next stop, yesterday  
morning. Nell and Hamilton were among  
the missing when the members of the  
company awoke Sunday morning after a  
"frothy" week at a local theater. Noth-  
ing was said, however, and the show pro-  
ceeded through their program Sunday  
night. Then they compared notes. They  
were a good many dollars short of the  
price of a breakfast for the actors and  
train fare to San Mateo.

Miss Ives "got busy." She rang up a  
friend in San Francisco. This happened  
in the police station. There was a long  
one-sided conversation, which could not  
have been overheard by the police, who  
were taking measures, who forgot to  
pay hotel and other small bills amounting  
to \$400 in this city.

## Mrs. Carter Freed

**NEW YORK, Oct. 1.**—Judge Mayer yester-  
day granted a discharge from bank-  
ruptcy to Caroline L. D. Payne, known  
as the actress Mrs. Carter. She had  
received her from debts amounting to  
\$10,548 on a petition filed against her in  
February, 1911. This is her third bank-  
ruptcy, the others being in 1895 and 1907.

**BROOKLYN, N. Y., Oct. 1.**—A young  
girl, who is suffering from memory  
loss, and who is unable to recall even  
the names of her friends and family,  
has been found in a state of complete  
amnesia. The girl, who is 22 years old,  
was found in a state of complete amnesia  
and is unable to recall even the names  
of her friends and family. She is now  
being treated at a hospital in Brooklyn.

## KNOW THYSELF

By LILLIAN RUSSELL

(Copyright, 1912, by Lillian Russell.)

**I**T is beyond the art of toilet appliances to restore  
any beauty that has been depleted and abused by  
indiscreet diet. The whiteness of the skin alone is  
not its beauty. Softness and delicacy of texture  
are absolute necessities. Health and care are  
needed to give transparent brilliancy and flawless  
surface. If the skin has become thick, mottled and pimply do  
not think that it will regain its youthful tints and luster by  
applying doses of patent decoctions, of which your only  
knowledge is through printed circulars and advertisements.  
There are many poisonous nostrums to which women fly,  
thinking they will cure facial blemishes. Such secret concoc-  
tions do far more harm than can be described. Consult a  
legitimate physician, who will prescribe drugs compatible  
with the gravity of your case. By pursuing any other method  
you risk life itself through ignorant use of doses with poisons  
which are fatal in effect.

Too much care and precaution cannot be exercised in the  
use of external applications. Above all things know thyself.  
Do not adopt miscellaneous every recipe that any friend  
may suggest. That which is a sovereign antidote to one per-  
son isbane to another. For instance, glycerin, that universal  
emollient, when used in its pure form on a delicate skin  
scorches the cuticle like the application of a hot iron. Of the  
many advertised creams and lotions, only a few may be used  
on the face with beneficial results. And these are in no sense  
paints or white washes, nor are they to be used in no sense  
spread over the face to heighten the color or bleach a skin.  
Clearness and whiteness of the complexion are considered es-  
sentials to beauty, but the desired pearl-like tint is not at-  
tained by paint and powder.

Excellence of human charm is part of the higher culture,  
but whitewashes are nothing less than vulgar pretense. Liquid  
cosmetics are particularly dangerous to a fine skin. They not  
only cause the cuticle to become dry and chafy, but they de-  
stroy the velvet bloom, which is the chief beauty of the skin.

If the women who resort to paints and liquid whitewashes  
are doubted in the male mind and leered upon by masculine  
eyes, and dealt lightly with by masculine tongue they have  
only themselves to blame and one gospel to learn that the  
worldly and speculative man judges women by surface igit-  
dications. A great deal of beauty at low cost can be procured  
through heaven's free cosmetics. The plentiful use of rain-  
water, sunlight and open air exercise. These are accessible to  
all and inestimable for the growth, vigor and symmetry of the  
human frame as well as maintaining the pliancy and luster of  
the flesh. Remember, all beauty is eminently a condition of  
diet, exercise and cleanliness of mind and body.

bles are due to the fact that al-  
most every one—man, woman and  
child—wears his shoe too loose.  
The shoe itself may be correct as  
to size and shape, but it is not fas-  
tened tight at the only point of  
control—namely, the instep.

When you set your foot upon the  
floor or pavement in the act of  
walking, the shoe adheres and  
it is loosely fastened over the in-  
step the foot pushes down into the  
sole of the shoe, and, grasping the  
sole of the shoe, the foot causes  
friction. These spots are the soles  
of the feet; the tops, ends and in-  
ner sides of the toes; the great and  
little joints and occasionally even  
the back of the heel.

B. R.—The strengthening and  
reduction of waist and hips has a  
tendency toward making the whole  
body supple. One sits on the floor  
to practice this, and grasping the  
feet firmly in the hands, converts  
oneself into a living rocking chair.  
The motion soon becomes easy and  
not unpleasant, and superabundant  
flesh disappears before such strenu-  
ous rocking just as it flies at the  
practice of a more difficult move-  
ment, but one which insures ex-  
quisite grace of carriage and  
slenderness of outline.

To practice this last movement  
one bends forward until the palms  
of the hands rest upon the floor  
back of the heels—and it requires  
persistent daily effort in bending  
before this can be accomplished—  
then one lifts one's body deliber-  
ately and bends back until the  
finger tips touch the floor in the  
opposite direction. Only a person  
in normal health should attempt  
this valuable movement, as the  
strain is severe upon the untrained.

# CAMPAIGN OPENS IN THE SAN JOAQUIN VALLEY

## ANTI-ANNEXATION FIGHT IS RECEIVING GOOD SUPPORT

### MEETING HELD BY EBELL CLUB

Civic Section of Organization Takes Up Arms Against Grab Scheme.

The Interior Press Continues to Oppose Plot of San Francisco.

Voluntary offers of assistance are coming in to the headquarters of the Women's Auxiliary of the Alameda County League from ladies of other communities. Today one was received from Mrs. W. A. Collins of Brentwood, Calif.

Many here are opposed to San Francisco's grab scheme. We'll help you if you'll direct us and send us literature.

Mrs. E. A. Corwin of Hayward wrote that she was anxious to start an endless chain of workers to begin the literature with which to begin. The chain consists of a number of friends who are asked to send literature and requests for aid to other friends. Mrs. Corwin submitted a number of names of women of Hayward to whom literature opposed to annexation might be sent. The two ladies' societies of Hayward will be asked to lend their assistance to the campaign.

#### MANY REGISTER.

Many voters, men as well as women, have visited the headquarters of the Women's Auxiliary of the Alameda County League to register. Miss Winifred Turner has been appointed a deputy county clerk for registration purposes and is on duty at the headquarters all day.

#### CAMPAIGN IN VALLEY.

The anti-annexation campaign in San Joaquin valley was opened last night at Modesto by Deputy District Attorney Philip M. Carey and Robert Robertson, who left Oakland yesterday morning to visit several towns of the valley and deliver addresses against annexation of Oakland to San Francisco. A canvass through the town was also made by the Oaklanders, who reported today by telephone to the Alameda County League that they had found the sentiment of Modesto strong against annexation. The addresses were well received. Carey said in part:

"This is vicious special legislation, intended only for the benefit of San Francisco and Los Angeles. It is a law to take away from the people of the valley what is theirs. It is an attempt to expand the bonding capacity of San Francisco, now exhausted, by taking in the territory of prosperous and growing communities, whose bonding capacities are not nearly half exhausted, with the result of stagnation and demoralization and paralysis to private financial investments and to municipal improvements already projected. We are appealing to you on a question of fundamental government and policy. The integrity of the fair name of our city is at issue. We are fighting for her preservation. We are armed with arguments of constitutional law and policies which are sound, and we are entitled to a favorable verdict. We are entitled to have this amendment voted down; to have San Francisco's ambition to absorb and devour thirty cities, to dismember the various portions of four counties, to destroy and disrupt constitutional authority and to erect constitutional barriers and county lines, obstructed now, once and for all, by the decisive vote of the people of California.

#### PRESS FAVORS OAKLAND.

A similar meeting will be held tonight at Modesto, after which the Oakland delegation will leave for Visalia, Bakersfield, Coalinga and Fresno.

#### OAKLAND DON'T WANT TO BE ABSORBED.

R. H. Magill Jr., a newspaper man of Oakland, was a visitor to Red Bluff today. He is doing some campaign work for Oakland, to keep that place from being absorbed by San Francisco.

San Francisco wants to absorb Oakland, but the Oakland people are not in favor of it. There is no doubt about that.

Land should be absorbed by San Francisco. One of the bad results would be that it would enable San Francisco and Los Angeles, by combining, to completely dominate the state legislature and the rural districts would stand no show at all.

Mr. Magill says Oakland will send speakers out in October to travel over the state and explain the situation.

The proposition that will permit the consolidation of the two cities will be sixth on the ballot to be held at the November election and should be negated by the voters of the state.

## CONDEMNS CONSPIRACY

(By J. J. GILL, Mayor of San Leandro)

WHILE the land-grabbing plan of San Francisco does not directly menace the industrial and political well-being of San Leandro and other cities in the east end of Alameda county at the present time, there is no telling what might be the result were San Francisco, after having successfully annexed Oakland, to again get the expansion fever and try to grab every prosperous community in the county. I am absolutely opposed to the carrying of Constitutional Amendment No. 6 on the ballot in the November election.

At the present stage in Oakland's development it would be a great calamity if she were to be brought under the industrial and political subjection of San Francisco.

It is plain to anyone who will take the trouble to look into the matter that the larger city, overburdened by her bonded indebtedness, is seeking some channel of escape and in the communities across the bay sees her chance. Without sharing in the benefits of San Francisco's plans for municipal improvements the east bay population would have to bear the burden of her taxes.

The territorial expansion scheme of San Francisco is one of the most condemnable policies I have ever seen, and in the event of Oakland being annexed there would be endless bitterness and contention.

J. J. GILL, Mayor of San Leandro.

## ALAMEDA COUNTY TO TAKE PART IN SAN DIEGO FAIR

Director-General of Exposition Is Guest of Oakland Officials and Citizens

Alameda county promised participation in the Panama-California Exposition at San Diego yesterday, and took an option upon a site for a building, showed Director-General Frank P. Allen Jr. of that exposition that Oakland was a city that was doing things and the board of supervisors and the Alameda County Exposition Commission held their first joint meeting for the purpose of discussing exhibition plans for the future.

The luncheon, tendered Director-General Frank P. Allen Jr., was intended merely as an opportunity for the getting together of the exposition commissioners and the supervisors for the purpose of easily discussing the plans that the commissioners are considering for the proper display of the resources of Alameda county at both the San Francisco and the San Diego expositions. Director-General Allen, having determined upon a visit to Oakland, it was arranged so that he might meet both commissioners and supervisors at the same time. Mayor Frank K. Mott, chairman of the Exposition Commission, presided at the luncheon after the lunch that was served in the Dutch room of the Forum.

Allen explains. Director-General Allen was asked to tell those present something about his exposition, what was being accomplished and what was expected from Alameda county. "We are building our exposition with our own money, and we want you to participate to just the extent that you think will benefit yourselves," said Allen. "We will give you what space you think would be useful to you, and you can then claim what space you want. I think it will be necessary. We are in no sense competing or detracting from the San Francisco exposition, but we do claim that we can give special incentives that will make it useful for the counties of California to take part. We expect practically every visitor to California during that year to come to San Diego as well as to San Francisco, and we expect to be able to give the different counties opportunities for display that will be entirely different from those that will be given in San Francisco. We are building this exposition for the state, though we expect to make San Diego a gainer thereby, but while we are doing this for San Diego we are willing to help all other parts of the state to render their displays as attractive as possible and enable them to reap as much benefit as they can from our show."

#### RETURNS FROM SOUTH.

Frank A. Leach Jr., vice chairman of the Exposition Commission, who has just returned from San Diego, said:

"The managers of the San Diego exposition are going ahead with their work, and they are well advanced. I believe that Alameda county should take advantage of the opportunity to exhibit at that place and that we should be prepared for a good display of the resources of our section."

Superintendent John F. Mullins of the Exposition Commission said:

"I believe in advertising," said Superintendent Foss. "and a county can advertise as well as a firm or individual. I expect shortly to visit San Diego and I approve of some plan for an exhibit there."

## PETERSEN IN COUNTY SCHOOL CHARGE OF FORCE

### Department Shaken Up When New Official Takes Up Club.

Diamond - Studded Emblems Presented to Chief and Captain.

Two emblematic stars, one decorated with a large sapphire diamond of unusual brilliance and perfection, were presented today to Chief of Police Walter J. Petersen and Captain of Inspectors Lou F. Agnew this afternoon, the presentation being made in the presence of officers and men of the department assembled in the city hall council chambers.

The emblems of office were the gifts of fellow members of the department, and were presented today to mark the formal assumption of the new offices by Petersen and Agnew. The resignation of Adelbert Wilson, for many years head of the department, became effective today, and with it the appointment of Petersen and Agnew to the two chief places in the police force went into effect.

The desks of Chief Petersen and Captain Agnew were decorated when the two men arrived this morning with a profusion of flowers. Baskets of roses, great bouquets of yellow and white chrysanthemums, lilies and other blossoms filled the two offices.

With the formal assumption of his new duties, Chief Petersen issued special orders today for an extensive shake up in the ranks. Almost every patrolman has been shifted in the downtown business district from beat to beat, the most extensive changes being the transferring of men from the day to night details.

The shift is not confined to the patrolmen. Captain J. F. Lynch will assume night duty tonight, and Captain Charles Brock will be transferred to the day detail in the central district. For several years it has been the custom for the senior captain to have charge of the day detail.

In the annexed district a similar change has been effected. Captain Charles Brown, who has had charge during the day will be transferred to the night detail, and Lieutenant William Wood will be in charge during the day.

"I have issued this order for the good of the service," said Petersen today. "As regards the switching of Captain Brock to day duty and that of Captain Lynch to night duty, I believe that this is only fair to Brock, who has had charge at night for a long time, to give him the better hours he will enjoy as day captain. Captain Lynch agreed to the change and both men are satisfied."

For good service. "It is a good thing to transfer a man from a beat after he has been on it a certain length of time, and for that reason I am making a thorough change in the personnel of the downtown business district."

The presentation of the star to Chief Petersen was made by Commissioner of Public Health and Safety Fred C. Turner. The emblem is a beautifully designed shield with the motto of the department. A beautiful sapphire diamond adds brilliance to the badge.

#### GIFT OF DEPARTMENT.

The badge is the gift of the entire department, every member of the force having contributed toward the gift. The reverse side is inscribed with the name of the chief, the date, and the statement that it is the gift of the department.

"It is a great pleasure to me to present you with this emblem of good service," said Commissioner Turner in presenting the star to Chief Petersen. "You have proved yourself to be the most efficient and reliable public servant, a man of untarnished record and of splendid achievement."

"I know that you will wear this emblem with a high regard for the responsibility the office entails and with great credit to your city and to this department."

The men of the department have asked me to represent them in placing upon your breast this beautiful emblem. They wish me to express to you the high esteem in which they hold you, and the loyalty they feel toward you."

Chief Petersen made a brief response, saying he hoped he would merit the good wishes expressed toward him.

#### COMPLIMENTS AGNEW.

Inspector William Quigley, who had acted on the committee which obtained the star for Captain Lou F. Agnew, then presented to him the emblem. Chief Petersen made a short presentation address, complimenting Agnew upon his good work and his high record in the examinations held by the civil service board.

The emblem presented to Agnew was an embossed gold star, carrying the designation of the office, "Captain of Inspectors," and a monogram of Agnew's initials. The star was the gift of the chief, captains, lieutenants and members of the bureau of inspection. The star bore an inscription to this effect on the reverse side.

The council chamber was crowded with members of the department. On the presentation of the stars Petersen and Agnew were greeted by a large number of officers and men.

Major Frank K. Mott voiced the general sense of the meeting by saying:

"I think that it is the unanimous sense of both the commission and the board of supervisors that we participate in the San Diego fair. The extent and character of that exhibit will, of course, depend somewhat upon what San Francisco and Contra Costa counties do, and that we will determine in the future. I would ask Mr. Allen if he can give us an opinion upon the plan suggested by Secretary Goldsmith at least until the first of the year."

The option was secured by Allen. After the luncheon, Mayor Mott and Frank A. Leach Jr. took Allen and a party to the top of the new city hall and later Leach conducted them through Oakland, Piedmont and Berkeley.

## DEVELOPMENT ALONG BUILDING LINES PLEASES SUPERINTENDENT GEO. FRICK.

### SITUATION HEALTHY

New Structures Provided to Care for the Increased Enrollment.

Development in the school buildings of Alameda county is not confined to the cities of Oakland, Berkeley and Alameda, according to County Superintendent George Frick, who views with great satisfaction a productivity in almost every school district.

School bonds have been voted in half a dozen districts within the past year or so and in every case the bonds have sold at a premium, indicating the stability with which Alameda county is regarded by investors in such securities.

Within the next two weeks school children will be occupying two new buildings at Alameda. One of these is a modern grammar school building, while the other is a primary ward school, constructed on the opposite side of the railroad track, so that the smaller children will not have to cross the tracks on their way to and from school. These structures were erected through a \$20,000 bond issue voted by the taxpayers of the district.

SCHOOL UNDER WAY.

The people of Centerville have voted \$25,000 for the construction of a modern, well-equipped grammar school building and the contractors are already on the job.

The contract will be let in another week for the construction of the new \$80,000 high school building for which bonds were voted by the taxpayers of Hayward Union high school district No. 3. The building is designed to meet the requirements of a large number of school children and will be modern in every respect.

Alviso has allocated \$5000 in bonds for the construction of a new grammar school in that district.

The school trustees of Albany are adding several rooms and fire escapes to the grammar school building there and will add more teachers to the present staff of four.

#### INCREASED ENROLLMENT.

A dozen other districts have applied to the board of supervisors for special tax levies to permit of repairs and enlarged facilities commensurate with the increased enrollment.

San Leandro and Pleasanton have each built within the last two years, the former town having constructed one of the finest and most up-to-date schools in the state.

Livermore is considering a bond issue with which to construct another grammar school to relieve congested conditions in the district.

The plans for the new buildings all call for the most careful attention to sanitation, light and heat and the precautions for safeguarding health and life. These have been insisted upon by County Superintendent George Frick, who is called upon to approve the plans and specifications.

#### CALLS ON WOMEN TO FURNISH MURDER CLEW

Los Angeles Police Chief Admits He Is at End of Resources.

LOS ANGELES, Oct. 1.—Admitting that officers had gone to the end of their resources in the present case, Chief of Police Sebastian has issued a circular letter asking the women of Southern California to aid in detecting the murderer of the two-month-old baby girl whose drowned body was found last week in a downtown office building last Wednesday.

Sebastian said today he believed some woman in Los Angeles or vicinity surely had noted the absence of such a baby as that whose body lay unclaimed to keep secret the names of women who might furnish clues.

#### CIVIC CENTER HEAD RETURNS.

ALAMEDA, Oct. 1.—Today, head of the Alameda Civic Center, returned last night from an Eastern visit. Mrs. Speddy, who spent several months in the East and visited all the chief cities, is daughter, Miss Faith Speddy, is enrolled as a student at Goucher college, Baltimore.

## URGED SON TO FOLLOW LIFE OF CRIME

### Mrs. Wright Accused by Boy of Trying to Make Robber of Him.

Gave Him Weapon and Provided Black Mask, He Says.

Arming her son with a revolver and equipping him with a black mask Mrs. Wright, the mysterious woman burglar, is declared by the boy to have ordered him to go out and commit highway robbery. Time and time again, according to the boy, he was urged by his mother to co-operate with her in the life of crime she was leading, and on several occasions in Oakland and other cities he consented to act as a lookout when she entered homes, and to serve her in other ways.

The mania of the woman for theft was so strong that she did not hesitate to inculcate in the mind of her son a desire to carry out various schemes of this kind, and her influence over the youth was similar to that of Mrs. Isabella Martin over "Baby John."

The police have been engaged in questioning Harold Wright, the boy, for the past week at the Detention Home, and under the fire of questions the boy finally broke down and told the story of his life with the woman who is being held on two charges of burglary in the city prison. The boy is 15 years of age, and for several years past has been hurried from place to place by his mother, who feared detection if she remained in one city too long.

MAKES HIM MASK.

In Portland, Oregon, Mrs. Wright worked as a chambermaid in the Hotel Calumet, according to her son. It was while there that she made the black mask for him and provided him with a revolver. The mask and revolver were found among the woman's belongings in her room on Fourteenth street in Oakland.

"She told me that there was a man in one of the rooms who had a lot of money in his pockets and jewelry," said the boy. "She ordered me to go into his room and crawl under the bed and wait till the man came in and went to bed and then to rob him. She gave me the gun and mask and told that if I was discovered by the man to hold him and take his money anyway. I was afraid, and besides I didn't think it was right. I wouldn't do it, and she was angry with me."

#### POOR MURDER.

Camera, high-priced French opera-glasses, safety razors and other belongings taken from people in Portland have been found among the effects of the woman burglar. The boy told the police of traveling about with his mother, of being taken in Colorado Springs, Denver, Salt Lake City, Ogden and a number of other cities. He confessed to having been arrested twice himself in Pasadena for stealing automobiles, and told of his mother serving 90 days for taking clothes and food in Colorado Springs.

It is probable that the boy will be used as a material witness against his mother at the trial, if he can be induced to testify. A charge of incorrigibility may be placed against the youth and he may be placed in a State institution, as it is probable that Mrs. Wright will be found guilty and serve sentence.

#### BRUCE BROWN HURT

When Car Overtakes Automobile Racer and Mechanician Believed to Be Badly Injured.

MILWAUKEE, Wis., Oct. 1.—Bruce Brown, the automobile racer and his mechanic, Tony Scuderi, were injured, very seriously, it is believed, in the overturning of Brown's car on the Vanderbilt race course here today. They were found in a hospital here. Relatives of both have been sent for. Both men suffered fractured skulls.

## REPORTS OF PRESENCE IN MANY SECTIONS RECEIVED BY LOCAL OFFICIALS.

### TRACED BY POLICE

Parents Insist Daughters Have Been Victims of Foul Play.

Information regarding the wanderings of Ruth Cunningham and Martha Eling, 14 and 13 years of age, the two girls who have been missing from their homes in Oakland since Friday, has been obtained by the police, and although the detectives appear to be no nearer to the capture of the runaways they have been able to trace them from Oakland to Milpitas and San Jose and back toward Oakland again.

According to the information received by the police the two girls are with two young men and the informants have seen the quartet together in half a dozen places in the past three days. It is alleged that the two girls and Niles, a young man, were seen last night in Lakeside park and it is thought that the police will succeed in overtaking the young motorists within the next few days.

Parents of the two girls believe that they have met with foul play. John Cunningham, 4017 East Seventeenth street, states that he believes his daughter would not remain away from home unless she was made a prisoner or unless some mishap had befallen her. Twenty-ninth street is prostrated over the absence of her daughter.

SEEN WITH CYCLISTS.

The girls were seen with the two young men now being sought by the police Friday riding motorcycles toward San Leandro. During Saturday they apparently disappeared, but Sunday morning at 6:30 they were seen passing through Milpitas. The girls were disheveled and their garments dusty and their hair straggling in whiffs about their faces. At noon Sunday the party of four was seen on the road from Niles to San Jose. The girls had succeeded in making themselves more presentable, but their garments were still covered with dust.

Yesterday noon the party had returned to the bay region, and according to information obtained in Alameda the four were seen entering a restaurant in that city. The descriptions of all four tallied with those of the persons who had seen them in Milpitas, Niles and San Jose.

According to a report from Tracy two girls resembling the Eling and Cunningham girls were seen, in that city wandering about the streets yesterday morning by R. W. Forsythe, 117 Santa Clara avenue. They were without the male companions at the time. The police do not place great credence in this report, as the information of the girl being seen in other places is considered more authentic.

# CONVENTION TO BE UNBOSSSED

**At Least Charles F. Murphy  
Says He'll Keep His  
Hands Off.**

SYRACUSE, N. Y., Oct. 1.—The problem of "unbossed" nominations by a political convention, three-fourths of the membership of which is reputed to be in the control of one man, confronts the Democratic party of New York, meeting here today in state convention. The situation is unique in that Charles F. Murphy, the Tammany leader, has declared that he will not seek to dictate the nomination for governor, although it has been asserted that did he so desire he could control 400 of the 486 votes in the caucus.

Believing the renomination of Governor Dix is improbable, friends of other aspirants for first place on the tickets are working for support wherever it may be found. Foremost among those mentioned for the honor are Representative William Sulzer, Lieutenant Governor Thos. F. Conway and ex-Congressor Martin J. Glynn.

Tommy McFarland Is Seeking a Ten-Round Engagement With Frankie Burns

HAPPY'S GANG DID JUST AS FANS PREDICTED—QUIT

In Final Game Series of Year Between Southrons, Angels Win Six of Ten Played

LOS ANGELES, Oct. 1.—Los Angeles 7, Vernon 3. Dillon made the declaration in Portland several weeks ago that when he brought his Angels home they would skin Hogan's Tigers and hang the pelts on the fence to dry. He completed the job yesterday by winning the sixth game out of the ten played and left for the north tonight with his crumples with the pennant a lot nearer.

The principal reason today was the legs of Ivan Howard—a funny combination to win a ball game with. It looked for a time as if he was trying to break all kinds of records running around the bases. He made four runs, stole home from third and hit two singles and a double.

The feature was that the Angels rapped Hitt whenever they took a notion. They slammed him in every inning but the fifth and in that one they got a run with-out a hit on a pass, a wild pitch, a sacrifice and an out.

Hap Hogan would have liked to slip one by today for his Tigers, but this time he got up against Leverenz and this bird was almost right. A lot of them took a crack at him for doubles, but it seemed that every time they did he righted up. He was always good enough to be sure of winning with sore-armed Hitt not able to get away from Howard.

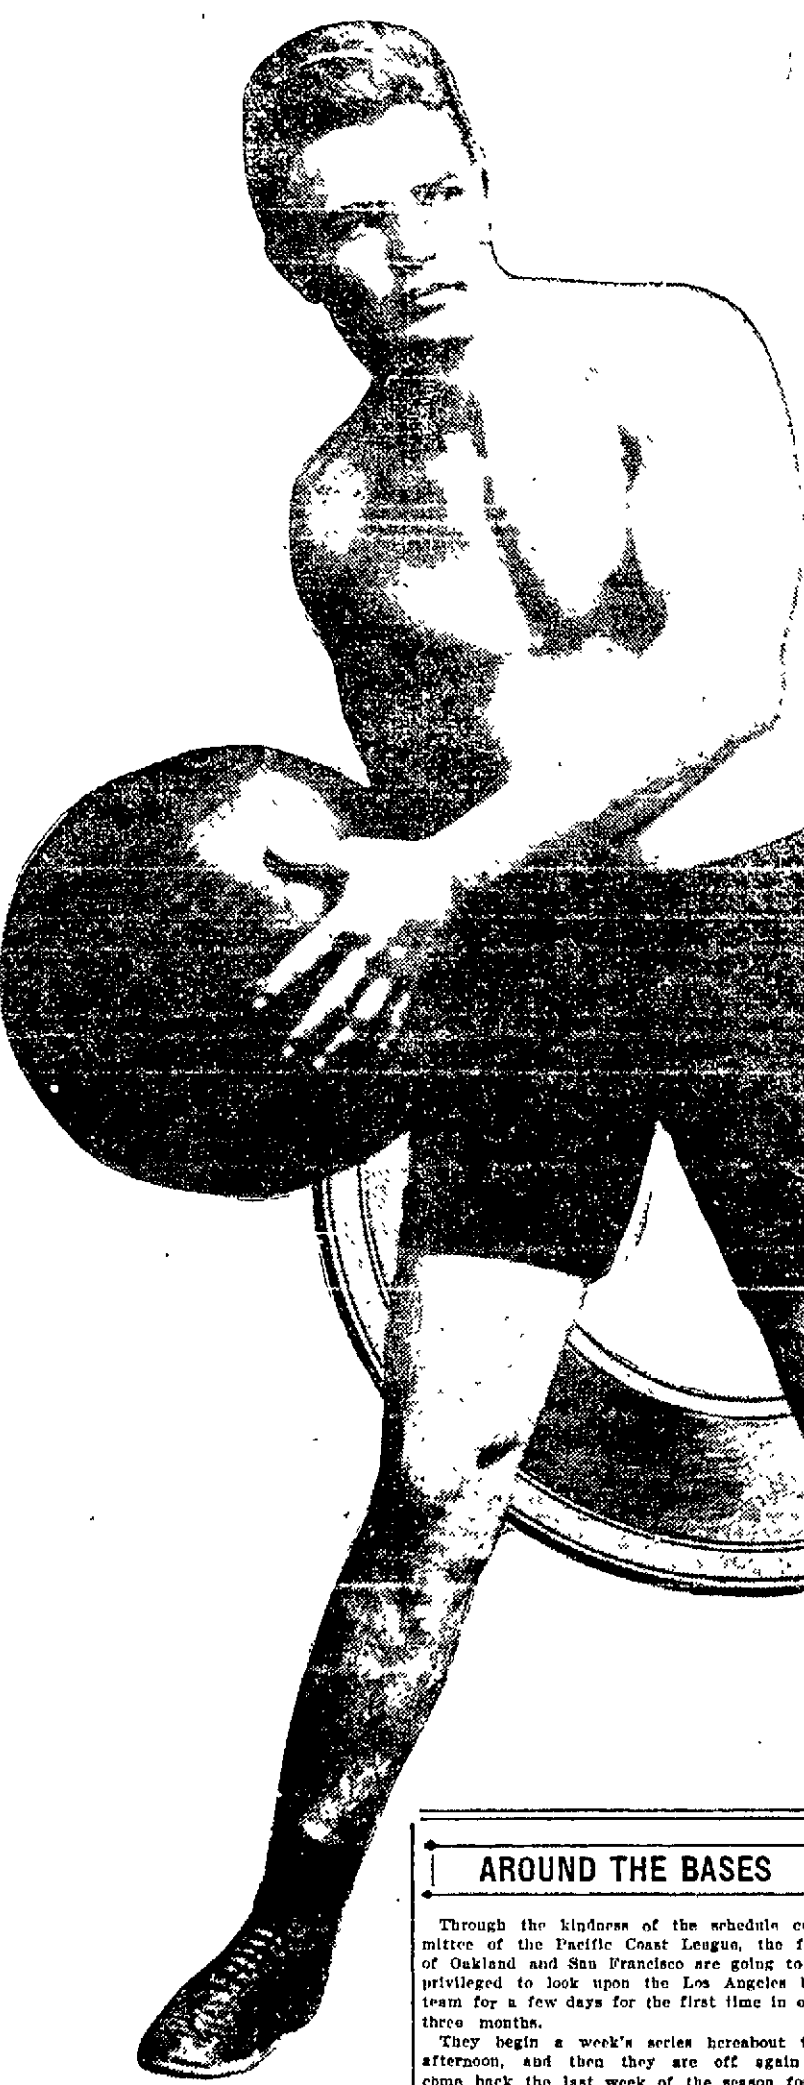

McFarland collapsed during practice from an attack of the hives and spent the afternoon in bed. Dillon was thrown off the grounds in the third in a collision with Howard at the plate. He suddenly awoke and was ready to catch again.

Two singles and a sacrifice got the first Angel run, a double, sacrifice and a single got the second. Hitt, who was in the pitcher and out and sacrifice the third one. Three singles, two outs, an error and Howard's steal from third got the fourth run. Two in the seventh and two singles, a pass and a sacrifice got the final two.

A single, double and an out got Hogan's first one, a single and a double the sec-

McGRAW WILL COUNT ON MARQUARD TO DO WORK

NEW YORK, Oct. 1.—The well informed among New York fans are counting on Marquard as a probable heavy factor in the pitching department of the Giants for the world's series with Boston. It is declared that Manager McGraw has purposely rested Marquard so that he will be at his best for the world's series.

Marquard has clearly overworked in his attempt to win the recent doubleheader at St. Louis. He pitched the first game and the second, and he was exhausted when he came to the mound in the third game. McGraw expects to have him rested for the world's series.

McGraw is now working like a beaver to let him recover his nerve and stamina. Marquard is now working like a beaver in private and McGraw expects to have him ready for the top job at the proper moment. In fact, McGraw prophesies with every show of confidence that Marquard can and will duplicate his phenomenal pitching of last spring.

CHARLEY CLEAVER IS HOT AFTER BOXER FRANK BURNS

Wants Pride of Oakland to Accept Ten Round Bout Before Oakland Wheelmen With His Protege

It is up to Frankie Burns and Billy Weeks as to whether the Oakland followers of the padded mitts get a chance to patronize a boxing show or two this month. Matchmaker Moffitt of the Oakland Wheelmen Athletic Club and the Fruitvale Athletic Club has the contract of Tommy McFarland to meet any of the lightweights, Burns preferred, while Frank Logan, the sensational middleweight, is willing to fight Weeks or any other good man, but he, too, has a preference and wants his opponent to be Weeks; still he won't kick at some one else.

Charley Cleaver, who handles the affairs of Al. Kaufman, gave speech to what he was willing to do, in a bout with the writer last night.

Now that it is settled, the question is whether Burns should fight Tommy McFarland, and if he can for once and for all settle the question as to which is the better man.

Now that it is settled, the question is whether Burns should fight Tommy McFarland, and if he can for once and for all settle the question as to which is the better man.

There is no desire to take any credit from Burns, but McFarland fought Watson twice just as well as Burns did and he put up a better fight against Louis Brown than Burns did. McFarland fought Rees twice in five rounds, something Burns didn't do in nine.

Comparing the friends of Burns will say that Burns beat Hogan. True, and he beat him well, while Hogan got a fifteen-round decision in the world's series. But it must be admitted that Tommy had a pretty bad pair of hands that night.

Against Al. Kaufman Burns stood sixteen rounds, while McFarland earned a draw, and both at a time when the champion was really the champion.

OAKLAND GIANTS WIN FAST GAME FROM CLARIONS

San Francisco's fastest team, the Clarions, were thoroughly trounced by the fast Oakland Giants Sunday afternoon at Freeman's park.

Cooney's famous heater, which touched up for seven seconds by the hard hitting Giants, one of them being a three-bagger up against the right field fence from R. Martin's bat. Martin got three out of three and Houston two out of three Sunday.

The Clarions could do nothing whatever with Martin's delivery, two hits being all they could gather off him, while eight of them returned to the bench via the strikeout route. W. Martin caught his usual good game.

SOX AND CUBS READY FOR ANNUAL TUSSLE ON BALL FIELD

CHICAGO, Oct. 1.—Twenty-six Cubs and 26 Sox will be able to participate in the post-season series for the city championship if a list forwarded last night to the National Commission is acted upon favorably. The list includes the name of Manager Frank Chance, whom President Murphy announced a few days ago had retired. The White Sox list includes the name of pitcher Jimmy Scott, who is under suspension, and it is said that he will be reinstated by Manager Malachuk in time to participate in the games.

KILBANE AND KETCHELL BOX 12-ROUND DRAW

WINNIPEG, Man., Oct. 1.—Tommy Kilbane of Cleveland and Steve Ketchell of Chicago went to a 12 round draw last night. Ketchell was stronger in the fighting. Kilbane was unmarked at the end.

HOGAN LOSES LAUDERMILK. McFarland will not get young Lauder milk the Superior, who he thought was secured by him several days ago. Some hitch occurred when negotiations went down to brass tacks and the deal was called off.

THE HARD HITTERS DON'T ALWAYS WIN BALL GAMES

Del Howard continues his terrific batting pace. He seems to be getting better all the time and last week he ran his average up two notches, finishing the week with a standing of .350. KILLILAY MAINTAINS THE LEAD AS BEST OF SLAB MEN

Although "Handsome Jack" Killilay of the Oniz led a game during the week and had his percentage lowered several notches, he still continues to lead all the other Pacific Coast League pitchers in the percentage of games won and lost. Killilay of Los Angeles is in second place, but he is a long way from Killilay's mark of 812. The percentages follow.

ST. MARY'S TO PLACE ROWING TEAM IN FIELD

In consistency with the plan of extending the present scope of athletic activities of St. Mary's College, Manager Clifford Russell announced yesterday that the rowing team would be represented by at least two strong rowing crews and that St. Mary's would hereafter make rowing an important part of the college athletic program.

GIANTS' RECRUITS DO WELL IN INITIAL SHOWING

NEW YORK, Oct. 1.—Enthusiasts who are following the concluding work of the New York Giants before the world series are being surprised with the strength of McGraw's new recruits. The new players are Demaree, Kirby, Coulalt and Badger, all strange names in the Giants' lineup, have been doing well in the world series and helped to boost New York's showing.

OUTFIELDER POWELL IS BADLY BEATEN BY ROUGHS

ST. JOSEPH, Mo., Oct. 1.—Outfielder Powell, who reports to the Detroit American team next season, was attacked in a fight with a rough, who was badly beaten by a number of negroes. He was rendered unconscious and taken to the hospital. No reason is known for the attack.

MISS LAMBERT LEADS RACE FOR QUEEN  
TWO CONCORD FAVORITES HEAD CONTEST

MISS ALINA LAMBERT, ONE OF THE CANDIDATES FOR QUEEN OF THE CONCORD WALNUT FESTIVAL.

Livestock Parade to Open the Walnut Carnival  
on October 10

CONCORD, Oct. 1.—The lead in the contest for the honor of reigning queen over the walnut festival, which is to be held here on October 10, 11 and 12, has again changed. Miss Alina Lambert, a local girl, taking the position away from Miss Anita Nerl of Martinez, who is forced back to third place. Miss Lillian De Martini, another local favorite, is second, and Miss Lillian Donnelly of Martinez is fourth.

The present standing of the county

beauties is as follows: Miss Lambert, 6481; Miss De Martini, 6029; Miss Nerl, 4888; Miss Donnelly, 4187.

This is the last week of the contest and interest in the race is intense. There are many thousands of votes being held back by the various candidates and their partisans and it is expected that the task of the judges on next Saturday night will be a hard one. Both this city and Martinez are bent on securing the honor of placing the crown on one of its favorite daughters and the race will be a close one and hotly contested.

The festival will open with a livestock parade on the streets of Concord on the morning of Thursday, October 10. In the afternoon the exhibits will be formally opened and in the evening the ruler will be crowned with befitting ceremony.

There will be an automobile parade on the forenoon of the second day. Decorated cars from all parts of the county will participate.

On the next forenoon there will be a horse parade, the equine aristocracy of the county being represented. There will also be a baseball tournament, teams from Crockett, Richmond, Martinez and Concord competing. A special train under the auspices of the Richmond Board of Trade will arrive from the waterfront during the day. Over 500 boosters have signed up for the trip.

**LODGEMEN PLAN VISIT TO SONORA**

Masons and Shriners to Journey on Special Santa Fe Train.

Members of the Masonic Lodge and of Ashmole Temple, Ancient Accepted Order of Nobles of the Mystic Shrine, will journey to Sonora, the Sierra Nevada mining town, on Saturday, October 26, via the Santa Fe. A special train will arrive at Sonora at 5 o'clock in the evening.

En route the Oakland Shriners will be joined by nobles of the temple at Stockton. Saturday evening will be spent conferring the degrees. On Sunday the visitors will be taken for automobile trips to the Sonora mines and the party will leave in the evening for the return trip to Stockton and Oakland. A hundred and fifty nobles will go from Oakland and half that number from Stockton.

**BIRDS DISTRIBUTED BY THE STATE GAME FARM**

According to William N. Dirks, superintendent of the state game farm near Hayward, 130 pheasants and 150 turkeys were liberated during the months of August and September in the following counties:

Monterey, Santa Cruz, San Benito, Humboldt, Solano, Tulare, Fresno, Los Angeles, San Benito, Napa, Mendocino, Alameda, Sonoma, Napa, Nevada, Tulare, Del Norte.

Some birds were also placed on Goat Island.

**POLICE SEEK SECRETARY**  
SACRAMENTO, Oct. 1.—Police of a score of California cities have been asked to look for Lacey Thomas, son of J. C. Thomas, attorney of Sacramento and Maryville and president of the Inter-State Protective Association. Thirteen bogus checks have been cashed in Orville Chico, Davis and Sacramento and young Thomas is accused of executing them. He was a past agent and secretary of the association of which his father was the head.

KNIGHTS TO ERECT  
\$28,000 BUILDING

Fruitvale Lodge of Pythians  
Soon to Have Splendid New Home.

Outside capital is brought to Oakland for investment in the obtaining of a loan of \$25,000 for the erection of the large building of the Knights of Pythians of Fruitvale. The building is to be of reinforced concrete and a permit for its erection on East Fourteenth street east of Fruitvale avenue is to be obtained within a few days. The structure will cost \$28,000.

For some time the Fruitvale lodge of Knights of Pythians has owned a north side of East Fourteenth street about 200 feet east of Fruitvale avenue but it required some time to arrange for a loan of the size necessary to erect a building. The loan negotiations were conducted through the agency of F. B. Hough, a Broadway real estate broker who obtained the money from a San Jose building and loan association. The new Knights of Pythians building at Fruitvale will be a two-story structure devoted to street and lodge purposes. C. T. Gutcher of Fruitvale, a member of the board of directors of the lodge, is the architect for the new building.

FIRE FRIGHTENS  
SAFE ROBBERS

Explosive Ignites Portiers and Thieves Flee, Leaving Room Ablaze.

SAN FRANCISCO, Oct. 1.—An attempt to rob the safe in the office of the R. W. Burgess Investment Company, on the second floor of the Bankers' Investment Company building, 742 Market street, was frustrated some time during the early morning, but the room was set on fire by the explosive. Had it not been for the discovery of smoke, nothing from the rooms by E. George Tobin, a janitor, shortly after 6 o'clock, the place would have been enveloped in flames. Tobin broke open the door and found the portiers were affire. He discovered that the knob had been broken from the safe door and the door drilled. The explosive had evidently set fire to the portiers and scared the robbers from the building.

CHILDREN TO PLAY  
PART IN FESTIVAL

Floral Parade and Presentation of "The Fairy Queen" to Be Features.

HAYWARD, Oct. 1.—Additional details for the second day of the autumn festival to open next Friday have been arranged for and will include, besides the children's floral parade, the presentation of "The Fairy Queen" in the assembly hall of the Native Sons hall by school children who are being coached for the various parts. More than fifty boys and girls will take part in the presentation. Among the guests will be Mrs. J. Powell, society leader who is taking an active part in perfecting the plans for the festival.

Work on the decorations of the Native Sons hall and gymnasium started today and the streets will be hung with flags and bunting tomorrow or Thursday. Bands of players will be the guests of the city on the opening day.

**PRESENTED WITH WATCH**  
James Dowling, former, foreman in the cabinet department of the Taylor mill, in Alameda, was presented with a gold watch and chain last night by fellow-members of his union at a meeting in Carpenters hall, Twelfth and Brush streets.

DISCUSS PLANS  
FOR ORGANIZING

Washington Township Citizens May Form Chamber of Commerce.

LIVERMORE, Oct. 1.—Tentative plans for the formation of a Livermore chamber of commerce have been adopted by a group of business men of the town. It is proposed to affiliate with the chamber of commerce of Washington township and get the co-operation of other civic bodies in this end of Alameda county. A delegation of those behind the movement will be present at the next meeting of the Merchants' Association and if the support of the body can be secured, a meeting will be called and a permanent organization formed. It has long been felt that the merchants' body while doing invaluable work has not a wide enough scope to benefit business conditions as it should.

The name suggested for the organization is the Livermore Valley Chamber of Commerce. The following temporary officers were named: President, F. O. McKinnon; secretary, F. W. Dombrowsky; treasurer, C. H. Wente.

**Mason & Hamlin**

PIANO

The Mason & Hamlin Company,  
Boston, Mass.

Gentlemen:

As I see it, every sincere musician owes it to himself, as well as to his pupils and others, to inform himself regarding the best piano, violin or whatever his instrument may be, just as much as to inform himself regarding the best music.

The world does not stand still, and it is because of my desire to be well informed as to piano quality and construction that I began, while studying the piano in Europe, a careful and systematic investigation of methods of manufacture, tonal quality and durability as exemplified in instruments of the very highest class.

When I tell you that I have as the result of that investigation purchased of your San Francisco representative the most sincere of tributes to your product and I do not hesitate to your my complete satisfaction in what I truly consider the GREATEST PIANOS THE WORLD HAS YET KNOWN. Wishing you the success that your most noble works merit, I am,

Sincerely,  
WARREN D. ALLEN.
